ACCOMMODATION

An individual, well proportioned four bedroom chalet style bungalow, built principally of brick construction under a tiled roof. The substantial accommodation extends to over 2,300 sq ft, providing numerous reception rooms alongside a kitchen/ breakfast room and useful utility area. There is an impressive living room with focal fireplace and patio doors to a covered seating area. On the first floor are three bedrooms and a bathroom, with the principal bedroom enjoying an en-suite bathroom incorporating a shower cubicle. The current layout provides an interconnecting arrangement between the secondary bedroom, but this could be altered if necessary (subject to the necessary consents.) A particular internal feature is the vaulted ceiling design in the garden room, again providing patio doors out onto the rear garden.

OUTSIDE

On approaching the property, double timber gates lead to a large driveway providing ample parking. There is a detached former barn, built of natural stone with up & over door. There is also an internal garage with electric up & over door. The property occupies a relatively level site, set back from the village street offering herbaceous borders set behind natural hedging. Side access leads to the rear garden, which is south facing and laid principally to lawn with gravelled sections and interspersed paved pathways.

Enjoying views towards open countryside, there is also a covered paved patio area.
