

Oldfield Road, TW12

£1,295,000

Dexters

Oldfield Road, TW12

An exceptional five bedroom, three bathroom Edwardian semi detached home, presented in immaculate, turnkey condition and coming with no onward chain!

This is a house that's been properly looked after and tastefully upgraded, while still retaining the period charm buyers want in this part of Hampton. Original features sit comfortably alongside modern finishes, giving you character without compromise. The ground floor offers two generous reception spaces, flowing through to a beautifully proportioned kitchen/dining room that opens directly onto the garden.

Upstairs, the accommodation is flexible and well balanced, with bedrooms arranged across the upper floors, served by two bathrooms. The main bedroom benefits from excellent proportions, while the additional rooms comfortably accommodate family life, home working, or guests. The large South facing garden is a standout feature - private, sunny, and ideal for families or summer hosting. At the far end sits a fantastic en-suite outbuilding, finished to a high standard with underfloor heating, offering serious versatility.

The house is a short walk from Hampton station with direct service to London Waterloo and is adjacent to Waitrose. There is easy access to the village green, open-air swimming pool, the River Thames, Bushy Park and outstanding schools.
