Offers In The Region Of
Kebbles, Glemsford

A well-presented two-bedroom detached bungalow occupying a pleasant position within a quiet residential setting in the popular and well-served Suffolk village of Glemsford. The property is offered for sale with no onward chain, making it an appealing option for those looking for a straightforward move and minimal delay.

The accommodation is well-proportioned throughout and is ideally suited to those seeking the convenience of single-storey living. The entrance hall provides access to all principal rooms, including a comfortable living room which offers a welcoming space to relax and unwind. The fitted kitchen is well positioned and provides a practical range of wall and base units, with space for

the necessary appliances and access to the outside.

There are two good-sized bedrooms, both offering flexibility for a range of furniture arrangements and uses, together with a well-appointed shower room. The property also benefits from a recently installed boiler, providing an important modern improvement and helping to ensure the home is comfortable and efficient.

Externally, the property benefits from a low-maintenance garden, providing a manageable outdoor space ideal for sitting out, entertaining or simply enjoying the warmer months without extensive upkeep. The garden also features a

useful summer house, which could be utilised as a home office, hobby room, workshop or additional storage.

Glemsford is a popular and well-established Suffolk village situated within the picturesque Stour Valley, offering a good range of everyday amenities including local shops, post office, pharmacy, doctors' surgery, primary school, public houses and other community facilities. The village is surrounded by attractive countryside, with a variety of walking routes and recreational opportunities close by. The nearby market towns of Sudbury and Clare provide a wider range of shopping, dining, leisure and recreational facilities.
