Introduction

This is a really unusual property located in a semi-rural location on the outskirts of Steen's Bridge a few miles east of Leominster with large gardens and a paddock for those with a pony, some pet sheep or goats. The view from the rear is amazing and you can see for miles across the Herefordshire countryside towards Shropshire. The property itself does require some updating but in return offers well proportioned rooms and plenty of opportunity for extensions either from the ground up or by simply extending the dormers to increase the upstairs floor area. It does benefit from some double glazing, mains gas heating and has a private drainage system to a septic tank. Externally there is a garage with utility room and various outbuildings in need of restoration and comprising garage and stable but with potential to use as a workshop/studio. PLEASE READ THE AGENTS NOTES ON JAPANESE KNOTWEED BELOW.

Property description

On entering through the front door all the principal ground floor rooms can be accessed from the hallway. On the right is the through living room with large windows to both front and rear making this a light and airy room; there is also a fireplace with inset gas fire. Glazed double doors lead through to the dining room with parquet flooring and bow window overlooking the garden. A door then leads back to the hallway where the stairs rise to the first floor and here there is a cloakroom. The third reception room also has parquet flooring and a bow window overlooking the front of the property and this room has the option of being a 3rd bedroom if required. The kitchen has a range of modern style wall & base units with built in dishwasher, double oven, hob & extractor, walk-in pantry and a large window overlooking the rear garden & the amazing views beyond. There is then a door that leads into a covered passageway with door to the outside both at the front and to the rear. Also located off here is a door to the garage and the utility room which houses the gas boiler and has a Belfast sink.

Taking the stairs from the hallway you rise to the first floor landing where there is a large airing cupboard and an additional large storage cupboard. On the left is a double bedroom with window to the front and side and has various built-in storage cupboards/wardrobes. Then there is a cloakroom with WC and sink and a separate bathroom with a sink and bath with shower over - these rooms could easily be reconfigured to potentially provide an additional ensuite to the bedroom. Further along the landing is the second double bedroom with window to the front and various cupboards/wardrobes.

Garage & parking

The property is approached across a private driveway leading to the garage and parking area to the front and it also leads to a gate that provides access to the rear garden & paddock beyond. The garage has an automatic up & over door, power & light.

Gardens

Deanstone sits in the middle of its large plot which extends to around 0.6 acres and the gardens surround the property

on all sides. The front garden is mainly enclosed a natural hedge and is laid to lawn with various mature shrubs & trees and pathways leading to the right hand side where there is a pond and what was previously a vegetable garden. This then extends to the large rear garden with patio, lawn, shrubs, trees and hedging which separates the garden from the paddock. Then continuing around the property is the area where there are various sheds & outbuilding and gated access from the drive which leads through to the paddock.

Paddock

Purchased a little while after the family bought the property so is on a separate title, the paddock measures a little over 1 acre and is enclosed by a mixture of natural hedging and stock fencing. Whilst the paddock can be accessed directly from the property it also has the benefit of an additional access across the adjacent field and on to a lane which then has access off the road. This is a good paddock which gently slopes away from the house and from here the full expanse of the view can be appreciated.

Services & council tax

Mains electric, gas & water are connected.
