Whitbourne Hall

Whitbourne Hall stands as an exceptional Grade II* listed Greek Revival country house, designed in 1862 by E.W. Elmslie, also renowned for the Great Malvern railway station. This impressive building is a fine example of neo-Palladian architecture, distinguished by its six-column portico and striking Palm House. The Hall's carefully planned layout and surrounding gardens highlight the grandeur of the south terrace, Italian garden, kitchen garden and rockery.

The interior reflects a sense of timeless elegance, with a magnificent atrium crowned by a rare blue and white stained-glass ceiling and a series of grand reception rooms retaining their original character. In the mid-1990s, the estate was thoughtfully converted into 23 individual homes, preserving much of its historic integrity. Residents enjoy exclusive access to several of the Hall's formal rooms, including the Drawing Room, Dining Room, Morning Room and Library, all of which may be used privately or reserved for larger occasions. These remarkable communal spaces allow residents to experience the heritage and refinement of this distinguished estate as part of everyday life.
