Offered to the market chain free, this three-bedroom terraced property presents an excellent opportunity for buyers seeking a renovation project with strong potential to add value. Requiring modernisation throughout, the home offers a genuine blank canvas for those with a keen eye for improvement, whether looking to create a home to live in or undertake a refurbishment project for resale or buy-to-let investment.

The accommodation includes a generously sized living room positioned to the Avondale Street side of the property, offering impressive proportions and significant scope to redesign and modernise the space to suit contemporary living.

To the rear, a spacious kitchen diner opens out onto the yard towards Clarence Street. The previous kitchen units have already been removed, leaving the room ready for a buyer to install their own dream kitchen, with ample space available for both cooking and dining.

Upstairs, the property offers three bedrooms, including two well-proportioned double bedrooms and a single bedroom which could also function well as a home office or nursery.

The bathroom currently features half-height tiled walls, a bath with shower over, frosted window providing natural light, a white suite including WC and wash basin, along with a heated towel rail.

Externally, the property benefits from a rear yard area accessed from the kitchen.

While the property requires refurbishment, it offers clear potential for buyers looking to modernise and add potential value. The seller has not made us aware of any structural issues, however all interested parties should make their own enquiries and rely on their own surveys.

With no onward chain and clear scope for improvement, this property represents a superb opportunity for homeowners, developers or investors seeking a project in a convenient residential location.
