SITUATION & AMENITIES

Croyde and its neighbouring North Devon surfing beaches are the nearest in the South West to London, the South East and the Midlands, and only about 45 miles from the M5. The village lies on the South West Coast Path near to Baggy Point, which is owned by the National Trust. It also lies within the North Devon coastal area of outstanding natural beauty. Croyde has become internationally renowned for its superb surfing beach, which has hosted numerous top-ranking surfing competitions. The village is also one of the West Country's most popular areas in which to live or holiday, consistently featured in the National Press and holiday/property programmes. The village offers an eclectic mix of picture postcard cottages nestling next to contemporary homes, as well as a good range of local shopping facilities and amenities. The property is ideally situated to explore the nearby beaches and coastline of Ilfracombe, Lee, Putsborough (the unmade lane immediately adjacent to the property leads directly to Putsborough beach), Saunton (also with Championship golf course), Woolacombe and Exmoor with its rocky coastline. The nearby larger village of Braunton provides a wide range of local amenities which include post office, banking facilities, health centre, primary and secondary schooling, pubs, restaurants, library and a good range of shops. North Devon's regional centre of Barnstaple is about 10 miles away and houses the area's main business, commercial, entertainment and shopping venues. The North Devon Link Road (A361) can be accessed at Barnstaple and provides a link to the M5 at Jct.27, where Tiverton Parkway has a regular mainline service to London Paddington in just over 2 hours. The nearest international airports are at Bristol and Exeter.

DESCRIPTION

Kittiwell House is a wonderful Grade II listed family home occupying the major portion of a period longhouse, bursting with character at every turn. We understand the property dates back to around 1556 and was sympathetically modernised by the current owner to combine quality 21st Century refinements whilst retaining a wealth of original period features. Unusually for this location, the property offers plenty of off street parking as well as a quiet setting. The location is quite superb, offering space to get away from it all whilst also offering convenient access for the hustle and bustle of North Devon's premier surfing resort which is only a short walk away. Externally the property presents elevations of painted render and exposed stone, beneath a thatched roof and is classified as being of architectural and historical importance. The thatch on the porch and ridge will both be renewed as part of any sale. The main house is also complemented by The Old Laundry Room, which is a detached and single-storey unit. This offers additional accommodation consisting of a bed/sitting room, shower room, separate wc as well as a private, secluded courtyard garden. This could be used as an annexe for relatives/a studio/an office or possible as a holiday rental, subject to any necessary change of use. Externally at the front is extensive parking and a small area of garden whilst to the rear there are two further sizeable courtyards. Kittiwell House is considered suitable as a wonderful family home used as a principal residence, a second home or as a potentially lucrative holiday let. Either way a viewing is highly recommended to understand all that it offers.
