Debbie Fortune Estate Agents are delighted to present this outstanding five-bedroom detached family home, beautifully finished to a high specification and offering superb space, comfort, and style across three expansive floors.

Set within the desirable Locking Parklands development and occupying a tucked-away position in a private and peaceful setting, this home enjoys an enviable plot with a south-easterly facing rear garden, additional side lawn, and off-road parking for multiple vehicles. Built to the highly popular 'Olive' design by St. Modwen, this versatile property offers an abundance of living space, four bathrooms, and a wealth of thoughtful upgrades – all within an attractive parkland setting.

From the moment you arrive, the home impresses with its commanding kerb appeal, enhanced by a railed lawned frontage, a block-paved driveway, and a larger-than-average garage (measuring 24' x 11'2"), complete with power, lighting, and loft storage.

Stepping inside, a sense of quality and space is immediately apparent. The welcoming entrance hallway is finished with premium Marshalls 'Jura Grey' natural limestone floor tiles, and features full-height side windows and a ring security system, adding both style and security.

A generously sized dual-aspect lounge offers a relaxing retreat with views to the front and direct access to the garden at the rear.

To the left of the hallway sits a separate dining room, which could also function as a snug, office, or playroom, depending on lifestyle needs.

At the rear of the property, the stunning L-shaped kitchen/dining/breakfast room forms the heart of the home. Featuring sleek grey gloss cabinetry by Moores, a full suite of high-quality AEG integrated appliances (including double oven, gas hob, and dishwasher), and a large central island, it's a space designed for both everyday living and entertaining. French doors lead to the side of the garden, inviting light in and creating a seamless flow between indoors and out.

A cloakroom/utility room off the hallway is larger than average and provides ample space for laundry and extra storage.

The first-floor landing is a striking and unexpected feature of the home – exceptionally spacious, bathed in natural light, and designed with a sense of openness that evokes a gallery-like feel. A large, high-set window at the front of the property not only floods the area with sunlight throughout the day but also creates an architectural focal point that elevates the entire space. This wide landing doesn't just serve as a corridor – it adds character and a sense of flow to the upper floor.

From here, you'll find access to three generously sized double bedrooms, each thoughtfully positioned to make the most of the layout. Two of these bedrooms benefit from their own sleek en-suite shower rooms, offering privacy and convenience for family members or guests. Both en-suites are finished to a high standard, with contemporary fittings, glazed shower enclosures, and stylish tiling that continues the home's neutral, modern aesthetic.

The third bedroom on this level is equally spacious and versatile – ideal as a children's room, guest suite, or even a dedicated workspace – and is served by a beautifully appointed family bathroom. This well-proportioned bathroom includes a full modern suite with a separate bath and overhead shower, perfect for busy mornings or relaxed evenings. Crisp lines, quality materials, and a calm, neutral palette ensure this space feels both functional and inviting.

Together, these features make the first floor not only practical for everyday living but also a place of comfort, style, and surprising elegance.

The top floor of the home offers exceptional versatility and is perfectly suited for a variety of modern living needs – whether as a private retreat for teenagers, a welcoming space for overnight guests, or a quiet and inspiring area for home working. This level comprises two further spacious double bedrooms, each beautifully proportioned and thoughtfully designed to maximise light and comfort.

Both rooms benefit from excellent natural illumination, thanks to a combination of side-facing windows and multiple Velux rooflights that allow daylight to stream in from above. The result is a bright and airy atmosphere throughout the day, while at night, the soft glow of the moon or the option to stargaze from bed adds an unexpected charm. The layout and scale of these rooms make them ideal for use as sleeping quarters, studios, hobby rooms, or even a secluded home office, away from the busier living areas below.

Serving these bedrooms is a second full family bathroom, generously sized and smartly finished to the same high standard as the rest of the home. It features both a bathtub – perfect for soaking and relaxing – and a separate walk-in shower for everyday convenience. This thoughtful setup adds another layer of practicality for larger families or households where flexible use of space is key. High-quality fixtures, elegant tiling, and a calming neutral palette complete the look, creating a tranquil space for both morning routines and evening wind-downs.

The property sits within a quiet cul-de-sac and enjoys a stylish, landscaped frontage, with brick pillars and decorative railings enclosing a well-maintained lawned area. The driveway provides off-street parking for two to three vehicles and leads to an impressively sized garage (24' x 11'2") complete with lighting, power, and loft storage space.

To the rear, the south-east facing garden has been beautifully landscaped to a high standard with low-maintenance living in mind. Its excellent sun exposure makes it the perfect spot for morning coffee, summer dining, or simply relaxing in the warmth of natural light.

Designed with quality materials and thoughtful planting, the garden offers a peaceful, stylish outdoor space that feels like a true extension of the home. Whether entertaining or unwinding, it's an inviting and practical retreat for all seasons.
