144 Highlands Road, Fareham, Hampshire, PO15 5PS

£599,950 Freehold

Offered for sale with no forward chain, this substantial four-bedroom detached home offers spacious and flexible accommodation including three/four reception rooms, a modern kitchen and an en-suite to the main bedroom. The property also benefits from ample driveway parking and a well-maintained rear garden, making it a great option for families.

You enter the property into a welcoming hallway with stairs leading to the first floor. To the front of the house is a cosy snug with an inset log burner and brick surround, creating a comfortable living space. To the rear, the kitchen is fitted with shaker-style units in contrasting tones, along with plinth lighting and a useful built-in larder cupboard. Double doors open through to a spacious dining area with a feature fireplace, which then leads into a bright family room overlooking the garden, giving the ground floor a sociable feel and plenty of reception space. There is also a versatile studio with its own WC on the ground floor, which could work well as a home office, hobby room or additional reception room.

Upstairs there are four good-sized double bedrooms, with the main bedroom benefiting from an en-suite shower room. The remaining bedrooms are served by a modern family bathroom. A particularly useful loft area is accessed via a sturdy fold-down ladder and is currently used as a home office/hobby room, although it could easily suit a variety of uses depending on individual needs.

To the front of the property is a large block-paved driveway providing off-road parking for multiple vehicles. The generous frontage also offers potential to construct a detached double garage if required, subject to the necessary planning permission. Mature shrubs and trees border the driveway, with gated side access leading to the rear garden. The rear garden has been landscaped with a patio area directly outside the house, ideal for outdoor dining, while the rest of the garden is mainly laid with artificial lawn and sleeper borders, complemented by a range of established shrubs and planting.
