

MOATE FARM SOUTHSIDE ROAD HALSHAM

£375,000
FREEHOLD

A rare opportunity to acquire a detached farmhouse property with a variety of agricultural buildings on two plots of land of just over 19 acres in a sought after East Yorkshire village. The farm house currently provides 3 bedrooms but has not been occupied for around 40 years. It may provide an excellent redevelopment opportunity with extension opportunity or for a complete rebuild (subject to necessary permissions). A very rare opportunity in which significant interest is expected so early viewing is essential.

The house sits on the southern side of the northern, and largest block of land giving it a delightful southerly outlook over its front lawn and towards the southern block of land which sits on the other side of Southside Road. The property takes its name from the remains of a moat just north of the house and the agricultural land has most recently been used for pasture. The outbuildings are a range of sizes and styles, and many are in quite poor condition and will require upgrading or replacement.

The house itself offers just over 900 square feet of accommodation with three bedrooms, a living room and kitchen. Given its condition the house will require significant upgrading and may not be mortgageable. Given the neighbouring properties and those in wider Halsham we believe many purchasers may be interested in the opportunity to redevelop what is in existence or rebuild to create a significant property (subject to necessary permissions). Equally the property may well appeal to buyers less interested in the redevelopment opportunity but for the land itself for use as a small holding.

Early viewing is highly advisable to fully appreciate all that the property offers but our 360 degree tour of the house and area around it along with the drone images we provide will provide an excellent insight.

Surrounded by farmland and scenic walking routes, Halsham is ideal for those seeking countryside views, outdoor space, and a rural lifestyle.
