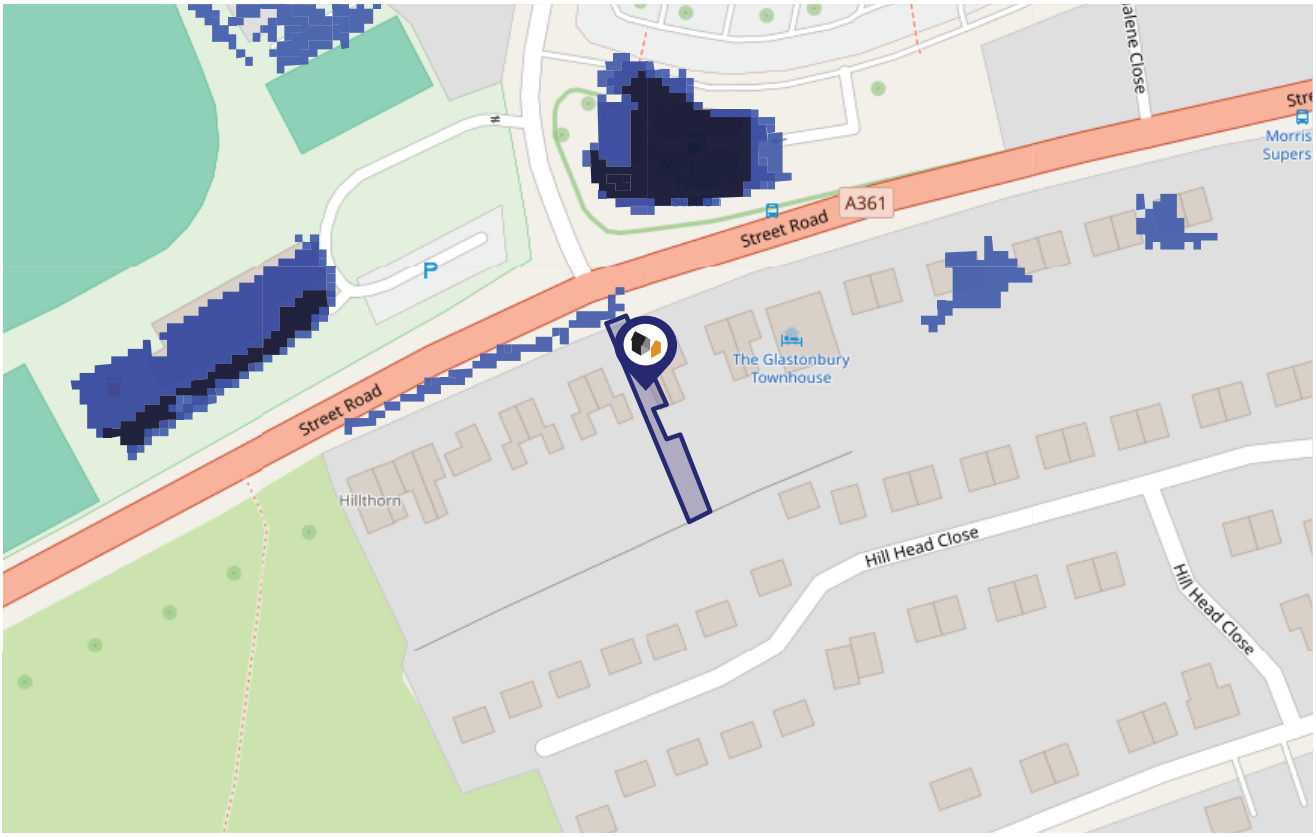
# Flood Risk
## Surface Water - Flood Risk

COOPER AND TANNER

This map shows the chance of flooding where rainwater has nowhere to drain. This kind of flooding can occur far from rivers or seas.



Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk -** an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- **Medium Risk -** an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- **Low Risk -** an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk -** an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

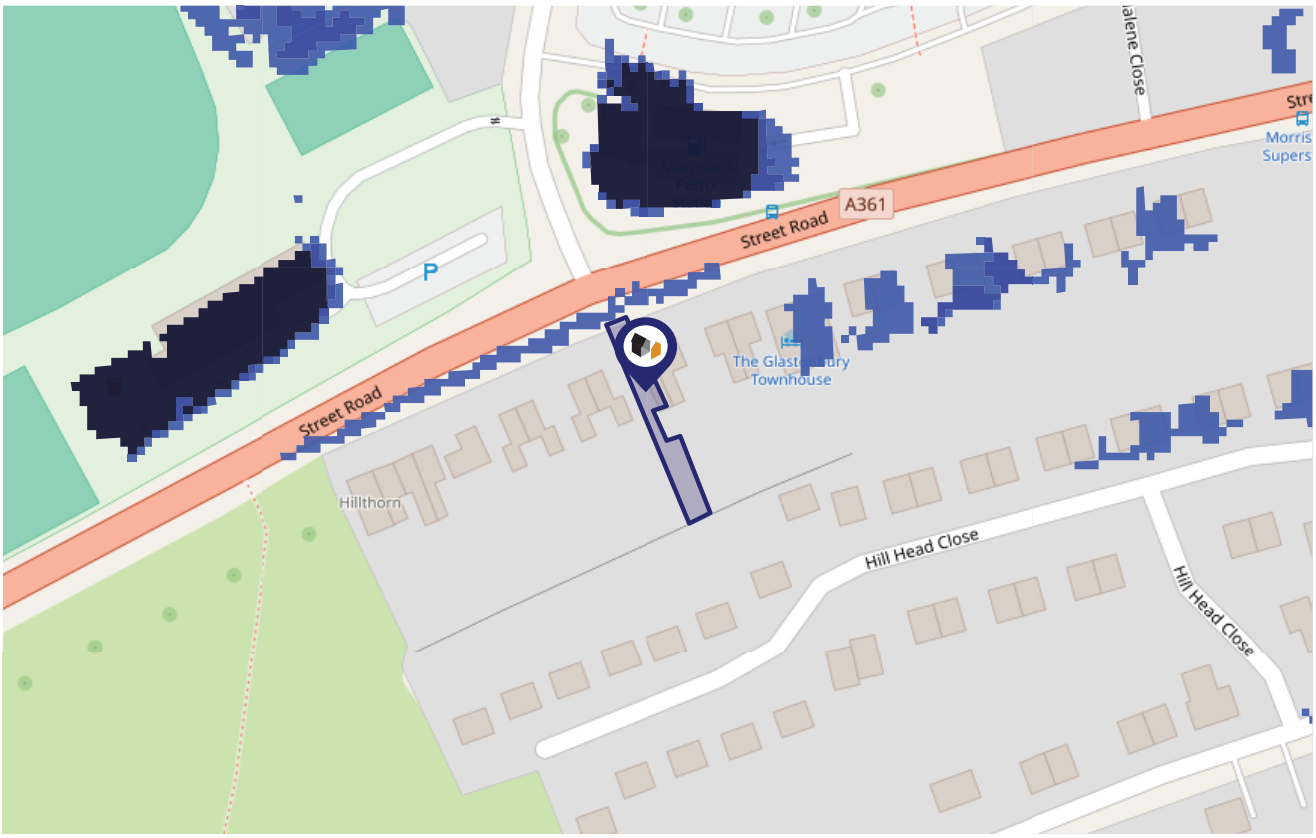
# Flood Risk
## Surface Water - Climate Change

COOPER AND TANNER

This map shows the future chance of flooding **between 2040 and 2060** where rainwater has nowhere to drain. This kind of flooding can occur far from rivers or seas. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.



Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- **High Risk -** an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- **Medium Risk -** an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- **Low Risk -** an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- **Very Low Risk -** an area in which the risk is below 1 in 1000 (0.1%) in any one year.

# Maps
# Coal Mining

COOPER AND TANNER

This map displays nearby coal mine entrances and their classifications.

## Mine Entry

- Adit
- Gutter Pit
- Shaft

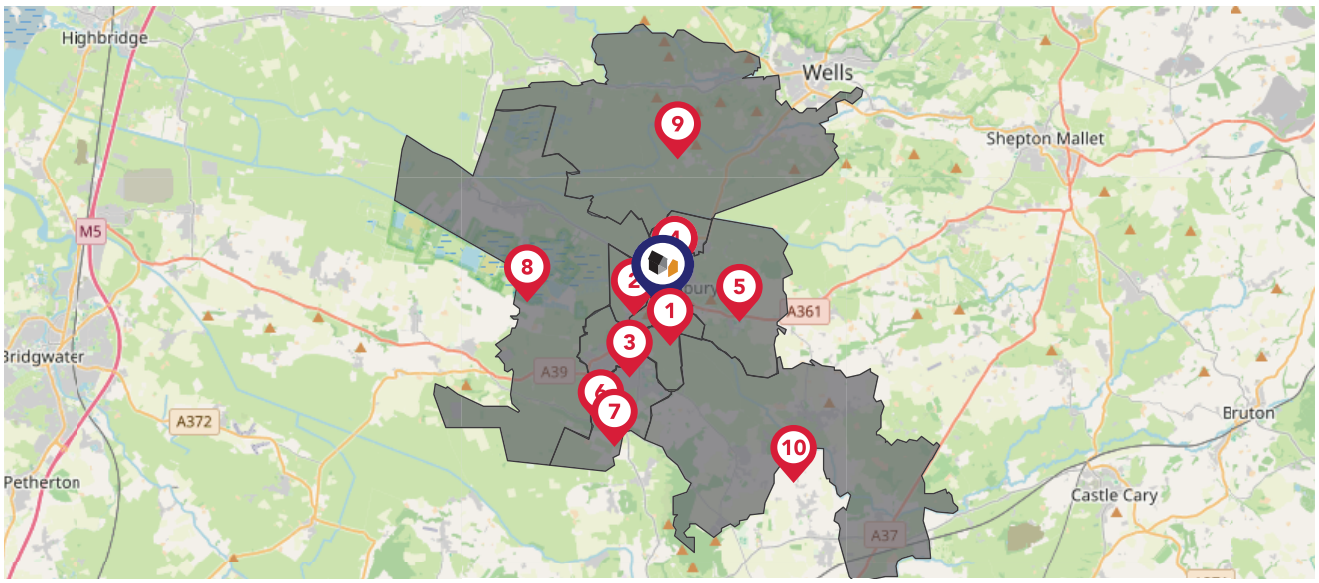
The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

# Maps
# Council Wards

COOPER AND TANNER

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500



## Nearby Council Wards

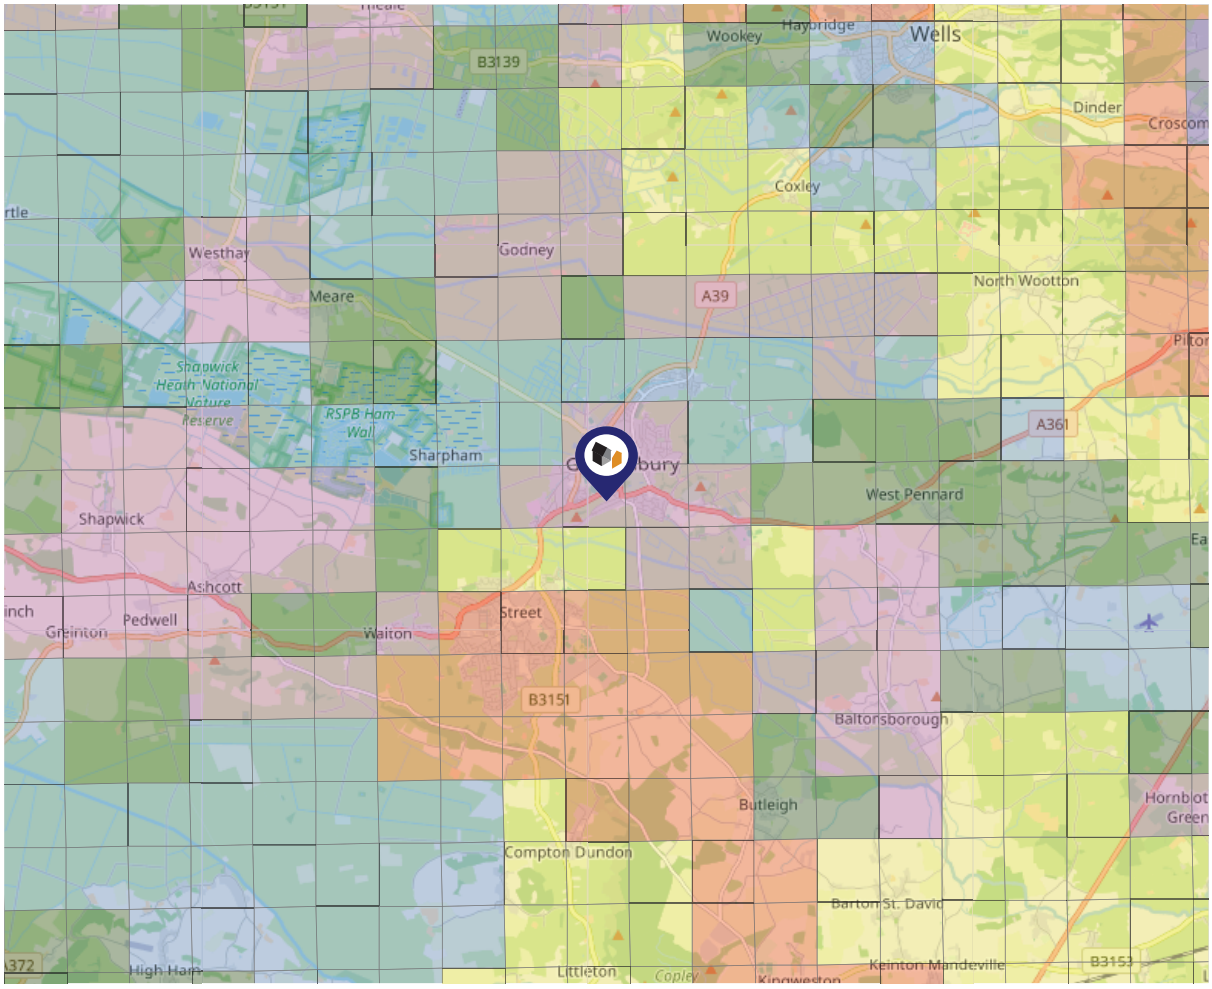
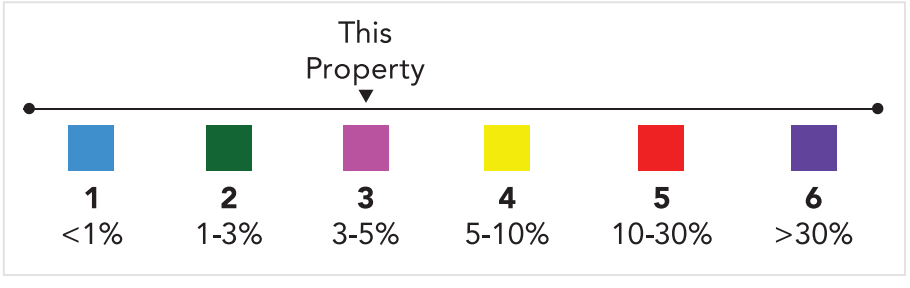
# Environment
# Radon Gas

COOPER AND TANNER

## What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).





# Environment
# Soils & Clay

COOPER AND TANNER

## Ground Composition for this Address (Surrounding square kilometer zone around property)

# Cooper and Tanner
# Testimonials

COOPER AND TANNER

## Testimonial 1

★★★★★

Fantastic Service from Cooper & Tanner in Shepton Mallet! As a mortgage broker, i deal with a lot of estate agents and things can be cut throat and very non personable. I was helping a vulnerable client purchase his forever home and he was completely unsavvy with this world so i was concerned for him getting through the process, however, Andrea was absolutely amazing. She kept us completely up to date and was ALWAYS available for support!

## Testimonial 2

★★★★★

I have just completed today on the sale of my parents property in Shepton Mallet and I wanted to give a glowing review to Copper and Tanner who have been fantastic throughout. They are professional, friendly and helpful. They kept us up to date and often went above and beyond what was required of an estate agent. We needed to sell the house to pay for care home fees for my our Mum which has been hard work especially as we don't live in Shepton.

## Testimonial 3

★★★★★

Our experience with the lettings team at Cooper and Tanner was fantastic. We dealt with Lauren mainly, who was always happy to take our questions to the landlords and came back promptly with the answers for us. She was always polite and professional when we met her for viewings and has been a pleasure to deal. She made the whole process from finding somewhere that would accept a dog, to offer acceptance, referencing and finally the move in day. Thank you.

## Testimonial 4

★★★★★

Chris, Andrea, Sally and Lucy were a pleasure to deal with during my conveyancing process. They were knowledgeable and communicated well,keeping informed of developments and doing everything possible for completion to happen. Many thanks to the whole team.
