OUTSIDE As mentioned previously, Longview is situated on a plot of approximately 3.1 acres in total (STLS). There is an impressive gravelled driveway and neat lawn set behind a low retaining brick wall with an electric gate. The rear garden is a particular feature and runs to approximately 2 acres. With initial parts mostly laid to lawn, affording a superb koi pond in addition to a raised decked area which is perfect for outside dining and entertaining. Split by timber posts and rail fence is the second part of the garden which is mostly meadow with its own natural clay pond and a number of mature trees.

AGENTS NOTE Agents note: to the right hand side of the entire plot is an area of approximately 1.1 acres which has previously been used by the current owners to keep horses. Currently with its own roadside fronted and secure gate, this area now has planning approval for a four bedroom detached bungalow - see planning notice ref: 25/00978/FUL. With this in mind, our sellers would consider the option of either selling as a whole at its current price of £1.475million or perhaps into parts with the main house and approximately 2 acres of garden at £1.25million and the plot of approximately 1.1 acres with planning at a figure of £450,000. Please ask agent for further details.
