We are delighted to launch this exceptional four bedroom semi-detached Victorian property, offering over 2,100 sq ft of well balanced living space, including a substantial outbuilding/garage. This attractive four bedroom period property provides generous proportions throughout and presents an exciting opportunity to extend further (STPP).

As you enter the property you're greeted by a welcoming entrance hallway, setting the tone for the rest of the house. To the front of the house there is a double reception room, while to the rear a large second reception/dining room leads to a well proportioned kitchen with a large utility room alongside. A guest WC/cloakroom is ideally positioned in the centre of the house. Upstairs, there are four well proportioned bedrooms and a family bathroom. Further benefits include a large rear garden and a substantial garage/outbuilding and a driveway providing off-street parking for multiple vehicles. The property also offers scope to extend into the loft (STPP), making it an ideal long-term family home.

Bath Road is ideally located and a short walk away from a vast array of shops, restaurants and amenities. The Piccadilly is also close by connecting you to central London, in addition to road links such as the M4.
