ABOUT THE PROPERTY

Situated in the highly sought-after village of Low Catton, East Farm Barn is a beautifully presented single-storey barn conversion that combines contemporary styling with characterful features and high-quality finishes throughout. Thoughtfully designed, the property offers versatile accommodation that perfectly suits modern living.

At the heart of the home is a stunning open-plan living kitchen, designed to be bright and welcoming. Large glazed openings, French doors, and electronically operated Velux roof windows flood the space with natural light, while engineered oak flooring with underfloor heating enhances comfort. A beautiful white Jotul log burner provides a striking focal point, and the contemporary kitchen is fitted with modern units, granite work surfaces, and integrated appliances, balancing style with practicality.

The principal bedroom suite boasts bi-folding doors opening to a private patio, a dedicated dressing room, and a stylish en-suite shower room. A second generous double bedroom offers further comfort, while a separate snug provides excellent flexibility, easily serving as a third bedroom, home office, or additional reception area. A beautifully finished family bathroom with a freestanding bath completes the internal layout, with carefully selected materials complementing the barn's character.

Externally, the property benefits from thoughtfully designed outdoor spaces. An electric gated entrance opens to secure parking, while an attractive archway leads to a private courtyard garden. A second garden features a patio seating area, mature planting, an elegant willow tree, the village's last remaining well, and a potting shed, backing onto open fields and offering a tranquil rural outlook.
