Esentepe

Esentepe is a village with stunning views, easy access to the wonderful beaches and crystal clear water of the Mediterranean sea and where residents usually end up with excellent views due to the strong elevation around Esentepe. Around the village you have pine forests, olive groves and the gentle foot hills of the Besparmak mountain range are accessible and great for wintertime walks. Esentepe is a charming Mediterranean village that over the past few years has grown to become a village of note, mainly due to the amount of people who have visited and admired the beauty and decided to make it their home. Fortunately this has not detracted from the beauty, and rural feel of this coastal retreat which is nestled at the foot of the Kyrenia mountain range. The Korineum Golf and Country Club, an 18 hole, international standard golf course is a stunning beauty that is located nearby, The Golf and Country Club also has a private club house, public restaurant and bar, hotel facilities and this golf course in Esentepe is quite possibly one of the most stunning courses in the entire Mediterranean region because it not only has dramatic views of the coastline but it benefits from breathtaking views of the Besparmak mountain range meaning that players may find it hard to concentrate on their game!
