Stone House, Woolston, Oswestry, Shropshire, SY10 8HY

General Remarks

A refurbished and immaculately presented detached country property set in a most picturesque rural location within gardens and grounds extending to circa 0.58 acres. Stone House has been the subject of an extensive scheme of renovation and improvement works. It now provides well planned accommodation which flows and connects well with the surrounding gardens. The gardens themselves are a most notable feature and are well stocked with flowers, shrubs and fruit trees. There is also a detached open fronted garage building with attached workshop. The property is warmed by oil fired central heating and is fully double glazed. Internal inspection is essential in order to fully appreciate this rare addition to the sales market.

Location: The property stands within a private rural location just outside the hamlet of Woolston. The nearby larger village of West Felton offers a wider range of amenities including shop, public house and an excellent primary school. The town of Oswestry (4 miles) offers a much wider range of shops and facilities as well as access onto the A5 & A483 which provides direct links to the County town of Shrewsbury, the City of Chester and the motorway network beyond. The nearby train station at Gobowen offers links to Bimringham and Chester.
