Plot 7, The Show Home, is a standout Keyston design by award winning local developer Grace Homes, offering a brand new, high specification family home where premium finish and exceptional energy performance come together in a way that feels genuinely different. Designed around modern family living, the layout delivers generous, flexible space that works for busy weekday routines, entertaining at weekends and comfortable work from home life, with multiple reception areas that can adapt as your needs change. The ground floor is centred around an open plan kitchen and family room, creating a sociable hub for cooking, dining and everyday living, while a separate living room with a built in fireplace provides a calm retreat for quieter evenings. A dedicated study adds valuable home working space, supported by a utility room and a downstairs cloakroom that keep the practicalities neatly organised. Upstairs, four generous double bedrooms provide excellent family accommodation, including an en suite to the principal bedroom, alongside a contemporary family bathroom. The specification throughout is uncompromising and includes quartz work surfaces, Porcelanosa floor tiles, integrated Siemens or Neff appliances and Villeroy and Boch bathroom suites, delivering a premium feel from the moment you step inside.
