Double Car Lodge & Parking

A particularly unusual feature is the substantial brick-built double car lodge beneath a tiled roof, providing covered parking for two vehicles.

Rear Garden

The rear garden has been thoughtfully landscaped to create a number of distinct areas for relaxing and entertaining. Double doors from the sitting room open directly onto a generous paved terrace, partially covered by an attractive timber pergola with established climbing plants, creating an excellent outdoor seating and dining area.

Beyond the terrace is an area of lawn bordered by well-stocked beds containing a wide variety of established shrubs, plants and flowers, with further paved seating areas positioned around the garden. Timber fencing provides a good degree of enclosure and privacy.

Towards the far end of the garden is a particularly appealing tucked-away “secret garden” style area, screened by established planting and the car lodge. Here there is a further tarmac hardstanding/seating area beneath an open timber pergola, providing another private space for outdoor furniture and entertaining. The combination of lawn, mature planting, several seating areas and the more secluded rear section gives the garden plenty of character and interest.
