This is a very rare opportunity to move to a home offering tremendous accommodation which is ideal for those looking for a flexible and very adaptable home. The house has been extended in an intelligent and thoughtful manner to offer, what is now, a spacious 8 bedroom home. Some of the bedrooms lend themselves to be incorporated either within the main house or in the annex so making it very flexible. There is then great potential, with this flexibilty, to earn a sound income either on a long term basis or when the desire arises, whilst still always being a family home.

There is the benefit of UPVc double glazing throughout and gas central heating to the main part of the house. To the annex there is very adaptable indivdual electric heating including underfloor heating in the living room and kitchen. The house is offered for sale in very good condition and forms part of the very popular Homer Crescent area of Saunton Park. This is to the west side of Braunton and so allows easy access to the superb beaches at Saunton and Croyde which are 3 and 5 miles away and connected by a bus route. The house was built in the 1970's to tradition cavity construction with pleasing part rendered, part cedral and part timber clad elevations.

The rooms flow well throughout and both the main house and annex have their own front door and halls. The main house has a ground floor en suited bedroom and a well fitted double aspect kitchen with granite work tops and some built in appliances and space for a gas range. The living room has a gas fire and wide patio doors to the garden from where there is a good view right through to the estuary. From here there is acces to the annex bedroom 2 with en suite. However, by closing the door to the annex living room, this can be part of the main house. To the first floor there are 5 bedrooms and a family bathroom. The annex has 2 bedrooms (or 1 if the need requires it). The living room is very spacious with a roof lantern and wide patio doors, making this a very bright room which also has a lovely view. The kitchen is well designed to make the most of the space. The main bedroom has a seperate shower and W.C.

Although the gardens are easily maintained, they offer privacy and an open view and are attractively laid out with access to the gardens from the outside. There is good parking to both sides of the house and, as there is only resident traffic passing, it is quiet and there is on road parking.

We unhesitatingly reccommend a full viewing in order to really appreciate what this property has to offer in terms of space and adaptability. It makes for a great family home with good potential for an income stream whilst also being able to catering for a dependent relative at the same time. This is quite a rarity!!!

The house is situated in Homer Crescent forming part of the ever popular Saunton Park development which is to the west side of Braunton village. There is limited passing traffic as only those who live in the crescent drive past. However, it is ideally situated for easy access to Kingsacre Primary School, a bus stop and the very useful Pixie Dell Stores and Newsagent.

Being to the west of Braunton means that access to the sandy beaches at Croyde and Saunton is very convenient as they are only a 3 mile drive away. Also at Saunton, there is the renowned golf club with its two championship courses. Braunton is a lovely village which caters well for its inhabitants with an excellent range of amenities to cater for everyday needs. There are 3 good primary schools, a secondary school and further education at Barnstaple. Braunton has a Tesco superstore, the family run Cawthorne Store, public houses, churches, library and a good number of local shops and stores. There are also a good number of restaurants and coffee shops.

A regular bus service connects to Barnstaple, the regional centre of north Devon approximately 5 miles to the east and here a wide range of shopping and leisure facilities can be found. There is access on to the North Devon Link Road which provides a convenient route to the M5 motorway at junction 27, whilst the Tarka Train line connects to Exeter in the south which takes you directly to London.
