SITUATION & AMENITIES

In terms of location, the property enjoys the best of all worlds, as the position is almost semi-rural, backing onto the Venn stream (a tributary of the River Taw) and with views over open meadows beyond, yet the village church is across the road and both the preschool and primary school are within walking distance. There are also bus services nearby which run to Barnstaple, which is less than 10 minutes by car, and as the regional centre, offers the area's main business, commercial, leisure and shopping venues, as well as live theatre and district hospital. On the periphery of Barnstaple is the North Devon Link Road, which runs on in a further 45 minutes or so to Jct.27 of the M5 Motorway, and where Tiverton Parkway offers a fast service of trains to London Paddington in just over 2 hours. A branch railway line links Barnstaple with Exeter St David's and Exeter Central. Just over 1/2 an hour by car are the renowned coastal resorts of Croyde, Instow, Saunton (also with Championship Golf Course), Putsborough and Woolacombe. Exmoor National Park is a similar distance. The area is well served by a range of state schools, as well as private schools with Kingsley at Bideford, West Buckland and Blundell's at Tiverton. Another benefit of the property is the proximity to lanes which lead to open countryside and miles of excellent public footpaths.

DESCRIPTION

2 Codden Hill House comprises the central portion of a former Vicarage, understood to have originally been the largest Vicarage in Devon - built in 1841 but divided into three dwellings around 1950. The property is Grade II Listed as being of architectural and historical importance, and presents elevations of painted render, beneath a slate roof with Marland cream brick chimney stacks. The facade features ornate detail and has a Flemish influence. The accommodation is arranged over three floors and combines original period features with 21st Century refinements. Most rooms benefit from lofty ceilings and very comfortable head heights. The second floor can be self-contained internally and provide accommodation for relatives or possibly for some home and income use. This area is currently arranged as two bedrooms and a shower room, which could adapt to reception room, bedroom, shower room, and there is a large landing space where there is potential to create a kitchenette (subject to any necessary planning consent). The house is complemented by very attractive and well-tended gardens, which are tiered following the grading of the land to the Venn stream - a delightful feature. The gardens amount to just under 1/2 an acre and include a double garage with additional parking. This is certainly a property which needs to be viewed internally to be fully appreciated.

This then leads on to a private designated parking area for several vehicles, in addition to a DOUBLE GARAGE which features twin doors and separate pedestrian access. There is eaves storage, power and light connected. The FRONT GARDEN is laid mainly to lawn and features a mature magnolia. A pathway leads from the garage to the house. To the rear is a beautifully landscaped TERRACED GARDEN, arranged across three levels - designed with both relaxation and outdoor entertaining in mind. The garden includes an array of seating and lawned areas, a paved SUN TERRACE, ornamental POND, rockery with water feature, and at the lowest level a lovely lawned area adjacent to the gently flowing Venn stream. From here one could launch a kayak and access the River Taw - of which it is a tributary - or simply sit back and enjoy the delightful surroundings.
