The front of the property boasts an extensive patio area and lawn with magnificent rural views over this tranquil valley. The rear garden is beautifully landscaped with raised lawns and colourful planting borders. Drystone walls with built in seating areas complement the lawn and a further sunken garden (being the former leat) creates a great hideaway garden. The gardens benefit from one of the finest selection of plants, shrubs and trees to include, magnolia tree, monkey puzzle tree, various pines and much more.

A wooden five bar gate and pedestrian gate open onto a long gravelled driveway leading down to the property and garage. To the front of the property there is an extensive stone patio seating area from where those stunning countryside views can be enjoyed, with paths to both sides leading around to the rear of the property. The rear garden has another seating area with an attractive raised flower bed.
