5 WEST MANOR PARK

A stunning four-bedroom detached village home of a traditional design designed by Trevor Muir Architect, on the exclusive West Manor Park development, a small enclave of highly sought after individual homes, completed to a high standard, in the main to each owner's specification.

Quietly situated, at the head of the cul-de-sac, the property stands on an immaculately maintained, mature landscaped plot of c0.30 Acres (or thereabouts) with a stunning outlook towards the picturesque grounds of Epperstone Manor, incorporating numerous specimen trees; in our opinion something rather special.

The house is traditionally built with beam and block internal flooring, complemented by underfloor gas central heating and high-grade timber sealed unit double glazing, meeting the village Conservation Area requirements. Constructed to a traditional brick and pantile design with stone windowsill and lintel detailing complemented by lead dressed dormers, and corbeled eaves and gable brickwork finishes, ease of maintenance was a primary consideration in the original 'one off' design.

Interestingly, West Manor Park derives its name from its proximity to Epperstone Manor, and the development lies within the original grounds of The Manor itself forming part of a complete residential redevelopment and refurbishment of the former Nottinghamshire Constabulary Headquarters and training facility, creating today what is one of the most desirable residential locations in the area.

EPPERSTONE

Epperstone is a highly regarded Conservation village set in attractive countryside between Nottingham and Southwell, accessible to extensive retail amenities in Bingham, Mapperley, Arnold and Netherfield, with the neighbouring larger village of Lowdham offering local amenities, and a direct rail service into Nottingham centre.

The village has a thriving social atmosphere centre around a contemporary village hall with cricket field and tennis courts, plus some appealing countryside walks, a vibrant tea shop and the newly reopened Cross Keys Inn.

The Minster town of Southwell offers a wider range of retail amenities, professional services and sports centre, and Southwell schooling is of a renowned standard across the age ranges.

From Newark Northgate station there is a fast direct rail link into London Kings Cross in a scheduled journey time of 85 minutes or so.

SPECIALISING IN THE SALE OF COUNTRY PROPERTIES

Beautifully Landscaped Low Maintenance Gardens

The gardens have been landscaped on a well-considered basis with ease of maintenance in mind featuring granite perimeter pathways to each side linking to a large garden terrace with immaculate lawned areas beyond.

A mid-level south and west aspect sun terrace and further level lawned area are retained by brick walls with blue brick coping stones and integrated lighting.

A feature brick pillared illuminated stepped wide gauge pathway leads to an upper-level lawn relieved by specimen tree planting and a red stone chip pathway with an immaculate low maintenance embanked shrubbery garden facing towards Epperstone Main Street.

The present owners landscaped the gardens at considerable expense to ensure relative ease of maintenance on a day-to-day basis.

There is an external water point.

Garden Summer House

Stepped access from the side pathway leads to a five-sided summerhouse in a striking painted heritage pastel tone finish, with a pitched roof, offering an attractive vantage point towards Epperstone Manor and the tree lined outlook of the private grounds.

ADDITIONAL INFORMATION

PLANNING CONSENT - GARDEN ROOM EXTENSION

A rear garden room extension designed by Trevor Muir architect was approved in 2014 which was not constructed within the usual 3-year statutory period. Various other works, also approved under the same consent, were completed by the owners including the front wall and gates, a summer house, and grading of the landscaped bank facing Main Street. It has been established by the Sellers by speaking with Newark and Sherwood District Council Planning Department that Consent for the construction of the garden room has not therefore lapsed, and may be completed by a future owner. Purchasers may wish to seek independent advice in this regard.
