**** A peaceful countryside retreat with a strong sense of community ****

Set in a breath taking south-facing valley on the edge of the welcoming village of Capel Dewi near Llandysul, this charming 6.8 acre smallholding offers a peaceful lifestyle surrounded by beautiful river meadows and rolling countryside. The beautifully refurbished cottage combines traditional character with modern, energy-efficient living, featuring solar panels, air source heating, an attractive country kitchen, 2 inviting reception rooms and 3 bedrooms with a stylish bathroom.

This property is particularly suited for lifestyle, equestrian, and smallholding buyers, offering the perfect blend of rural charm and modern amenities. Whether you are looking to cultivate your own land, enjoy outdoor pursuits, or simply relish the peace of the countryside, this charming cottage in Capel Dewi is a must-see.

Viewing is highly recommended to fully appreciate the setting, lifestyle appeal and quality of renovation on offer.

Location

Delightfully situated in the popular rural community of Capel Dewi, in a south facing position overlooking a pretty part wooded valley intersected by the river Clettwr. Capel Dewi is renowned for its active and supportive community with the hub of the village being the community shop, supported by local volunteers which also supports a range of other activities in the area.

The property is well positioned, being convenient to a number of traditional West Wales market towns including Llandysul, Newcastle Emlyn, Lampeter and Llanybydder. The property is also within easy driving distance of the West Wales Heritage Coastline, renowned for its sandy beaches and secluded coves at Cwmtwydu, Llangrannog and Aberporth.

Description

A property that has been completely transformed in recent years by the current vendor, having being tastefully and elegantly refurbished to provide a modern property with high energy efficient features resulting in a A rating EPC, yet retaining the traditional charm and character offered by this cottage. The works carried out include replacement uPVC traditional sash type windows (in-keeping with the traditional virtues of the property) and insulating the property to provide an energy efficient and sustainable home. There is air source heating together with a 3kW solar panel array which benefits from a feed-in tariff arrangement, with heating distributed via underfloor heating to the ground floor together with radiators fitted, if required, to the ground and first floor.

The kitchen is in our opinion one of the main features of this property with a good quality range of kitchen units and a feature electrically operated Everhot range.

The accommodation provides more particularly the following:
