

If we were to describe our perfect property it might, for many of us sound like a contradiction: Peaceful, yet accessible, rural and secluded, yet close to amenities and well-connected. Maybe set within a few acres with some outbuildings and incredible scenery yet still firmly in a village. A home rich in character and period detail, thoughtfully updated for modern living. We might be asking for a lot, even if we are lucky enough to be viewing in this price range - but 'The Poplars' proves that these properties do exist, even if we don't see them come to the market that often. It is little surprise it has remained in the same family for generations, offering so many of the qualities sought in a move to this 'Area of Outstanding Natural Beauty.'

Tucked away along its own private driveway, even local residents may not quite know where it is, or that it even existed. The approach, part-lined with trees to one side and garden to the other, eludes to something special and indeed it is. Surrounded by neighbouring fields and the rolling Lincolnshire Wolds, the property's own three acres blend seamlessly into the wider landscape, creating an exceptional sense of space. The gardens are beautifully maintained, interspersed with mature trees and complemented by a generous patio overlooking what feels like a private woodland, complete with pond—an idyllic setting that has even hosted family weddings.

Inevitably the compelling setting suggests many viewers will be sold on the property even before taking a step inside, but the interior is equally impressive. The kitchen and open-aspect lounge provide a superb focal point, combining contemporary design with the character of a traditional Lincolnshire farmhouse. Floor-to-ceiling sliding windows frame the gardens, while a wood-burning stove and underfloor heating create a warm, inviting atmosphere within the extended living space.

The accommodation includes four bedrooms and four principal reception rooms, offering flexibility for modern lifestyles, home working, and entertaining. Interiors are thoughtfully varied, balancing contemporary styling with period charm—evident in features such as the bay-fronted sitting room. Significant investment has been made throughout, including the extension, reroofing, and the installation of an Everhot 120i range, ensuring the property is as refined as it is welcoming.

In summary, The Poplars is a rare offering: a home that is as idyllic inside as it is within its remarkable setting, perfectly complementing the beauty of the Lincolnshire Wolds and illustrating the enduring appeal of this 'county of sunsets'
