With such a large footprint, the internal accommodation could easily be changed to add a larger mezzanine, shelving, and possibly a second bedroom.

Giving the correct Alojamento Complimentar licence, this could make an ideal short-term rental unit for tourists, but has sufficient space for year-round living.

Central Santa Maria is THE investment hot spot of Cabo Verde. With the highest number of visitors for tourism amongst the islands, it is the holiday heart of the islands with hundreds of restaurants, bars, hotels, shops and the famous fishing pier, currently being reconstructed and expanded. With its glorious safe swimming beach and watersports galore and a central pedestrianised street at its heart, Santa Maria on Sal provides excellent investment potential and a thriving, lively place to live.
