A striking detached barn conversion with two double bedrooms, completed in 2022 by a well-regarded local builder, Swallow Barn offers beautifully appointed living accommodation arranged entirely over the ground floor level, making it both accessible and highly practical. The property combines contemporary design with subtle character features, creating a home that is both stylish and highly functional, all presented in near-new condition.

The heart of the property is an impressive open-plan living, dining and kitchen space, designed to suit modern lifestyles. This superb room is enhanced by high-vaulted ceilings and electrically operated roof lights, allowing natural light to flood in and create a wonderful sense of volume. Bi-fold doors provide a seamless connection to the garden, opening onto an expansive Indian sandstone patio, ideal for both entertaining and everyday enjoyment.

The kitchen itself is fitted with a range of high-quality units, complemented by Corrian working surfaces and a breakfast bar. A selection of integrated appliances are included, ensuring a clean and contemporary finish, while a separate utility room provides additional practicality and storage.

Each of the bedrooms is thoughtfully designed and benefits from its own ensuite wet room, finished to a high standard with modern fittings. The overall layout, arranged across a single level, makes the property particularly appealing to a wide range of buyers, offering both convenience and long-term flexibility.

Throughout the home, there is a consistent sense of quality, with gas-fired underfloor heating and high-performance, wood-framed double-glazed windows contributing to both comfort and efficiency. The property is also equipped with a security alarm system and integrated cameras, which can be monitored internally, providing additional peace of mind.

Externally, the property continues to impress. The gardens have been carefully landscaped, featuring a generous Indian sandstone patio and well-maintained areas designed for ease of upkeep. The rear gardens are predominantly

gravelled, complemented by well-stocked borders with a variety of trees and shrubs, creating an attractive and established feel.

To the front, the property is approached via electrically operated gates, opening onto a private driveway which leads to a detached brick-built double garage, fitted with an electric up-and-over door. This provides excellent parking and storage options.

Long Bennington is a highly regarded and well-served village, ideally positioned between Newark and Grantham, offering excellent access to the A1 and making it particularly attractive for commuters. The village itself provides a strong sense of community alongside a wide range of everyday amenities, including a Co-op supermarket, local shops, a post office, medical centre and a well-regarded primary school.

There are also a number of public houses and eateries within the village, offering a good choice of places to relax and socialise, while more extensive shopping, leisure and dining facilities can be found in nearby Newark and Grantham.

The area is especially popular with families and professionals alike, not only for its convenience but also for its welcoming atmosphere and active community, with a variety of clubs and local events taking place throughout the year.

For those requiring access further afield, Grantham railway station is within easy reach and provides high-speed services to London King's Cross, while the A1 offers excellent road links to Nottingham, Lincoln and beyond. In addition to the local primary school, the surrounding area is well served by a number of highly regarded secondary and grammar schools, particularly in Grantham.

Overall, the village offers an excellent balance of rural charm and modern convenience, making it a consistently popular and desirable place to call home.

This high quality barn conversion was completed in 2022,

by Potts Builders, a local builder of good repute. Constructed of brick and part Blue Lias stone elevations under a pantiled roof covering. The property benefits from high performance wood framed double glazed windows and underfloor gas fired central heating. The living accommodation is conveniently arranged over the ground floor level and can be described in more detail as follows:

OPEN PLAN LIVING & DINING KITCHEN

26'6 x 16'2 (8.08m x 4.93m)

OUTSIDE

DOUBLE GARAGE

19'9 x 19'7 (6.02m x 5.97m)

Detached double garage constructed of brick and block under a pantiled roof covering. Hormann up and over door with Garador electric lifter, wiring for EV charging point, power and light connected including four double power points. Personal side entrance door.

Access to the property is from Rose Garden which is a private driveway subject to a joint maintenance liability (each owner has ownership of part of the roadway). The grassed area in the centre of the driveway is owned communally by the owners. An Owners Management Company is being set up to maintain the grassed area. The driveway will have Public Liability Insurance which we are informed is currently being set up. A set of centre opening cast iron remote controlled electrically operated gates give access to a gravelled driveway providing off road parking and access to the double garage. Wrought iron boundary fence, Portugese laurel hedgerows complete the enclosure and provide a good degree of privacy. There is a large Indian sandstone patio terrace to the front of the house and Indian sandstone paved pathways.

An impressive oak frames vestibule porch connects to the front door. Indian sandstone pathways give access to the rear of the garage where there is a bin storage area. There is a 8' high brick built acoustic wall along the north side boundary. The rear garden is enclosed with the rear boundary wall being constructed with reclaimed bricks, Portugese laurel hedgerows provide screening to the side boundary beside the entrance to Rose Garden. The rear garden is laid out with an attractive Indian sandstone sunken patio terrace with sleeper edged borders connecting to a low maintenance gravelled garden area and slate chipped shrub borders. There is a convenient entry phone intercom.
