

Plot 155, Soay: The Skylarks, Hipperholme, Halifax, HX3 8GD

£152,000

Self-Build Serviced Plot – Plot 155, Soay, The Skylarks, Hipperholme.

An opportunity for you to build your own home on a site with all the utilities infrastructure in place.

The Barratt Homes Skylarks development features a collection of spacious 3 and 4 bedroom energy-efficient homes. Located in the village of Hipperholme, its location provides ease of access to Halifax, Brighouse and the M62, with transport links to Leeds, Bradford and the wider region. Surrounded by scenic woodland views, schools and local amenities, this is an ideal location for professionals, couples and families alike.

Plot 155

Plot 155 is a middle plot adjacent to existing woodland and public open space.

Plot Passport

The plot is sold with a Plot Passport, providing clear design parameters to guide your build, including scale, materials, access, sustainability and landscaping requirements, helping streamline the planning and design process.

This fully serviced self/custom-build plot is located on the popular Skylarks development and extends to approximately 313 sq m, with a planning framework already in place for a detached two-storey home of up to four bedrooms.

All key utilities, including electricity, gas, water and fibre broadband, are available at the plot boundary, and the plot benefits from two off-road parking spaces accessed via a private shared drive.

The site forms part of a high-quality Barratt-led development and is offered subject to Calderdale Council's Self and Custom Build requirements.

Who This Plot Is Ideal For

This plot is ideally suited to self-builders or custom-build purchasers looking to create a bespoke family home within a well-established and thoughtfully planned development.

It will particularly appeal to buyers who want the reassurance of clear design guidance through a Plot Passport, while still retaining flexibility to personalise their home within Calderdale Council's self and custom build framework.

The plot is well suited to owner-occupiers seeking a long-term home rather than investors, and to those who value a high-quality residential setting with services in place, reducing build risk and uncertainty.
