- Driveway parking to the front of the property provides convenient off-street parking, making arriving home that little bit easier.
- Further gated driveway parking to the rear offers additional off-street parking and is a particularly useful feature for households with multiple vehicles.
- A genuine long-term family home with space inside and out, combining three bedrooms, generous living accommodation, excellent parking and a superb rear garden.

Over 30 years, one very happy owner and more memories than the walls could possibly tell. Now it's time for someone new to call this place home.

Situated on Kipling Avenue in Tilbury, this three bedroom end terrace house has been loved and lived in by the same owner for more than three decades. That alone tells you there's something rather special about it.

Inside, there's plenty of space for family life to unfold. The lovely size lounge/diner is made for everything from quiet nights on the sofa to Christmas dinners that somehow end up lasting all evening. The kitchen/breakfast room provides another great everyday space — morning coffee, hurried breakfasts and the inevitable conversation around the kettle all included.

Upstairs, you'll find three bedrooms and a modern, well-appointed family bathroom, giving everyone their own space when a little peace and quiet is required.

Step outside and things get even better. The wonderful size rear garden has plenty of room for summer barbecues, children running riot, a serious gardening project or simply a deckchair and absolutely no plans whatsoever.

And parking? You're rather spoilt. There's driveway parking to the front plus gated driveway parking to the rear. No circling the street while somebody else nabs the last space.

After more than 30 years, the current owner is finally ready to hand over the keys. They'll be taking a lifetime of memories with them, but they're leaving plenty of room for the next family to create their own.

Some houses are simply bought and sold. Others become part of the family. This feels very much like the latter.
