## **Description**

42 College Road is a detached house believed to be of brick and timber construction with heavy rendered elevations, under a tiled roof. An incoming purchaser is likely to carry out a full modernisation programme but it should be noted that the property benefits from a gas fired central heating system and has double glazed windows. A porch leads to a front door and opens to the hallway. This has brick flooring, a window overlooking the front garden and street scene, as well as a door to the rear porch and stairs rising to the first floor landing. Doors lead off to the reception rooms and kitchen/breakfast room. This spacious room has a kitchen at one end with basic high and low level wall units. There is space and plumbing for a washing machine, fridge and an electric oven. In addition there is a sink with drainers. Windows from the kitchen/breakfast room, one of which is a bay window with a seat, overlook the rear garden which has glimpses of the Castle. The adjacent room is a former dining room which was more recently being used as a workshop. There is a hatch to the kitchen, a window to one side and a fitted work bench. The dual aspect sitting room has a gas fire with a surround and windows to the front and rear of the property.

The first floor landing has a window to the front of the property, a hatch to the roof space and doors off to three bedrooms and bathroom. The principle bedroom is dual aspect and has a view towards St Michael's Church. There is a door to a dressing room which houses the gas fired boiler and has a window to the rear of the property. There is scope for this to be converted to an en-suite shower room, subject to the normal consents. Bedroom two is a further good sized double which enjoys a view towards Framlingham Castle. The third bedroom can be used as a double and has fitted shelving and window to the side of the property. The bathroom comprise a shower, WC, hand wash basin and bath. There is a radiator and window to the rear.

## **Outside**

There is a garden to the front of the house enclosed by railings. Adjacent to this is an attached garage with an electric roller shuttered door to the front. This measure 13' x 10'11". The rear garden is accessed via the workshop. It is on two levels the first of which is laid to lawn and another part being a former vegetable patch with a greenhouse. In all, the rear garden measures approximately 40' by 45'.
