DESCRIPTION

Charisma Cottage enjoys a prime position just off the historic village square in the charming and highly regarded village of Drewsteignton. At the heart of the community lies the thriving, community-owned The Drewe Arms, a beautifully preserved village inn serving as a true social hub, renowned for its welcoming atmosphere, excellent local food and drink, and vibrant programme of events. ACCOMMODATION

A beautifully presented and deceptively spacious character cottage, thoughtfully combining period charm with contemporary comfort. Rich in original features including exposed beams, stone fireplaces and a charming thatched storm porch, the property offers versatile family accommodation arranged over two floors. The house is stone built, with small amounts of cob and a new thatched roof. The welcoming principal reception room is filled with natural light from two south-facing windows and centres around an attractive feature fireplace with decorative tiled inset. The generous kitchen/dining room is particularly appealing, featuring exposed stonework, oak detailing and a traditional bio-fuel range, creating a warm and inviting heart to the home.

Of particular note is the striking garden room extension, a superb contemporary addition with skylight and full-width bi-fold doors opening onto the gardens, flooding the space with light and creating an exceptional connection between the house and its surroundings. A useful study/hobbies room, secondary kitchen/utility and stylish ground floor wet room add further flexibility, with underfloor heating throughout this section powered by the eco-conscious pellet boiler system. To the first floor are four well-proportioned double bedrooms and a spacious family bathroom, with several rooms enjoying charming period details including cast iron fireplaces and fitted storage.

GARDENS AND OUTBUILDING

Outside, the delightful stone-walled gardens are a particular feature, principally laid to lawn with mature trees, colourful borders, patio seating areas and a productive vegetable garden. A substantial two-storey barn/workshop with vehicle access from the rear lane provides excellent storage, workshop potential or scope for a variety of uses, subject to any necessary consents.
