LOCATION

Located in the heart of this historic town, yet within a short distance of country walks and the picturesque River Avon. The hilltop town of Malmesbury is officially recognised as England's oldest borough. Situated on the edge of the Cotswolds, surrounded by two branches of the River Avon, it boasts buildings of golden Cotswold stone and beautiful river walks. Famous for its ancient Abbey and elaborate 15th century Market Cross, the town may well have history round every corner but is also bustling with life, enjoying excellent independent shops, a Waitrose, charming cosy pubs, friendly cafes, regular farmers' markets and a busy local events schedule. The establishment of the Dyson design and development headquarters on the edge of the town means that Malmesbury is now a centre for technical innovation, allowing the town to truly describe itself as both ancient and modern. Malmesbury is five miles north of the M4 (Junction 17) so within easy commuting distance of Bristol, Bath and Swindon. London is approximately 1½ hours away by car or train.

BUYER'S PREMIUM

Please be aware all purchasers are subject to a £1,500 + VAT (£1,800 inc VAT) buyer's premium which is ALWAYS payable upon exchange of contracts whether the sale is concluded before, during or after the auction date.

GUIDE PRICE

An indication of the seller's current minimum acceptable price at auction. The guide price or range of guide prices is given to assist consumers in deciding whether to pursue a purchase. It is usual, but not always the case, that a provisional reserve range is agreed between the seller and the auctioneer at the start of marketing. As the reserve is not fixed at this stage and can be adjusted by the seller at any time up to the day of the auction in the light of interest shown during the marketing period, a guide price is issued. This guide price can be shown in the form of a minimum and maximum price range within which an acceptable sale price (reserve) would fall, or as a single price figure within 10% of which the minimum acceptable price (reserve) would fall. A guide price is different to a reserve price (see separate definition). Both the guide price and the reserve price can be subject to change up to and including the day of the auction.

RESERVE PRICE

The seller's minimum acceptable price at auction and the figure below which the auctioneer cannot sell. The reserve price is not disclosed and remains confidential between the seller and the auctioneer. Both the guide price and the reserve price can be subject to change up to and including the day of the auction.
