

This well-presented three bedroom bungalow has been greatly improved and updated by the current vendors during their ownership, refurbishing it into a much loved and modern family home. Conveniently located only a short walk in one direction from the Witham Way Country Park and nature reserve with miles of beautiful riverside walks and the same distance in the opposite direction into the historic market town of Boston itself with a wide range of shops, schools and amenities, the property would be just as ideal for a couple as it would suit a family.

With a larger than average plot, the property comes into its own when friends and family get together during the summer, with a substantial and part-covered patio area, perfect for outdoor dining and an equally generous lawned garden.

The front of the property offers the space for multiple cars, with further parking space alongside the property to the rear, leading to a garage. The garden to the back is enclosed and is very private with only bungalows to the sides. A timber shed and potting shed are included within the asking price of the property. For buyers working to a restricted timescale, this property also has the benefit of being offered with no onward chain.
