Coal Mining

This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

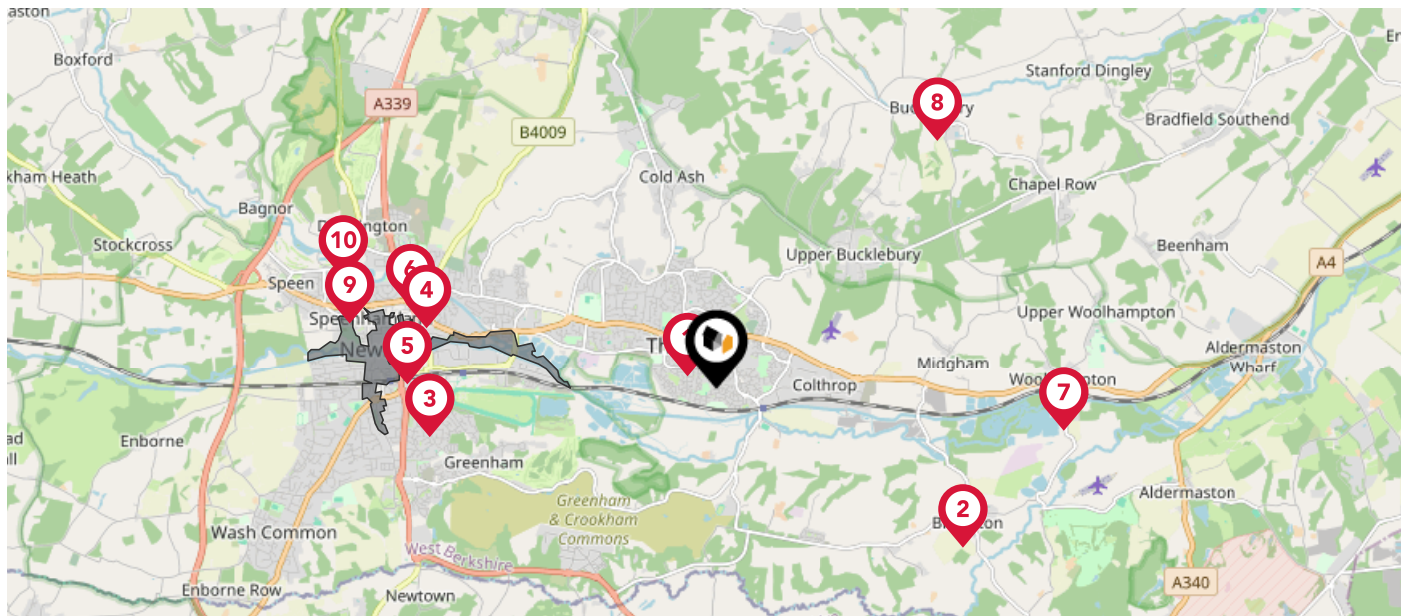

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Rail Noise Data

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m³).

We are proud to be different, we want to create a legacy as the business that positively disrupted the industry and challenged the estate agent status quo.

Our clients all get direct access to business partners who live locally and are part of their local community. We work with local businesses to help promote their companies free of charge and we give back to teachers, nurses and armed forces servicemen/women.

Testimonial 1

From start to Finish, working with Ollie has been a real pleasure. When looking for an estate agent we of course went to all the 'regular high street names' and the sales pitch felt rehearsed and scripted. Ollie came in with a real personal approach and a passion for the task and we knew straight away he was the right fit for us.

Ignore the 'big estate agents', Ollie will blow them out the water.

Testimonial 2

After a disappointing experience with a high street estate agent we chose to go with Ollie and did not regret it. We appreciated his candid advice on pricing and styling, recommendations for a house dresser and solicitor all of which resulted in several offers well over the asking price. I am convinced most other agents would have just let things plod along at a slow pace. I would 100% recommend Ollie at avocado.

Testimonial 3

I cannot rate Ollie enough, he is incredibly talented at what he does, he is not just an estate agent, he is amazing at marketing and knows how to get your property seen far and wide using social media. The videos and picture he does, even using the drone make a massive difference.

Honestly, he is an all-round top guy and will always be the estate agent I would recommend to everyone.
