### DESCRIPTION

Offered for sale is a well located plant nursery historically growing produce for the Oriental market, with extensive infrastructure in place. The site offers great potential with irrigation in place and consented areas of approximately 7.69 acres of polytunnel and glasshouses in various states of repair. In all, the property extends to some 32.38 acres within a ring fence in a prominent main road location.

## EVERGREEN BUNGALOW

This brick and tile bungalow is sited at the front of the nursery set back from Staplehurst Road. It offers light, spacious, and well maintained family accommodation, set within a generous plot with established shrubs and gardens. It is approached from the main nursery driveway and has ample parking.

Dating back to the 1980's with later additions in the 1990's, it now comprises 4/5 bedrooms with one ensuite, family bathroom, open plan sitting/dining room, kitchen, conservatory and separate cloakroom.

The property is subject to an Agricultural Occupancy Condition (AOC) following the granting of outline planning permission 81/1201 (Outline application for the erection of bungalow) on the 1st July 1982. A copy of the consent is available on request.

Located close to the bungalow is a large, detached brick built garage/workshop under a pitched tile roof. It is considered that this might be adapted to a variety of uses, subject to necessary consents. A timber lean-to has been constructed to adjoin the garage/workshop, used for further storage.

## THE NURSERY AND FARM BUILDINGS

The farm buildings at Stilebridge Nursery exceed a total footprint of 10,000 Sq.ft. This includes a fully enclosed large steel portal frame barn with a roller shutter door, occupying approximately 4,000 Sq.ft (372 Sq.m), located centrally to the site. It is currently used for storage however has potential to be adapted to a packhouse or might be considered for a Class Q Agricultural to Residential change of use. There is a further single storey brick built building under a pitched tile roof, extending to approximately 1,380 Sq.ft (129 Sq.m).

There are also a number of redundant traditional Hopper huts and storage sheds located around the site.

The glasshouses and polytunnels are in a dilapidated condition having become overgrown since the cessation of Nursery operations. All of the glasshouses and polytunnels are fitted with water irrigation systems that are supplied from nearby water sources within the site. In all, the area covered by glasshouses and polytunnels extends to approximately 7.69 acres (3.11 hectares). These areas benefit from several planning permissions granted in 1981, 1988, 1989, 1995, and 1997. A summary of the site planning history is available on request.

## FARMLAND

The numerous irrigation ponds extend in all to some 2.7 acres (1 hectare) and feed nearby glasshouses and polytunnels via a network of underground pipes. The property also benefits from 225m of single bank frontage to the River Beult, presenting opportunities for fishing, subject to the necessary permits.

Outside of the main nursery area, the remaining land comprises broadly level unmanaged pasture, classified as Grade III on the DEFRA Agricultural Land Classification Map.

## TELECOMMUNICATIONS MAST

A telecommunications mast is located centrally to the site and we have been advised produces an income in excess of £6,000 per annum. This was erected in 2005 (Ref 05/0912) and subject to a lease until 2025. A copy of the lease is available on request.
