### Entrance, Dining & Living Areas

Enter through a uPVC part-glazed door into a welcoming porch, leading to a spacious hallway that connects all rooms. The kitchen features pale green satin-finish wall and base units, complemented by white speckled worktops, and includes space and plumbing for a gas double cooker with an extractor unit, along with a dishwasher. A separate utility room provides practicality with space and plumbing for laundry appliances, airing cupboards, and houses the annually serviced Ideal Logic combi boiler. The bright lounge offers ample space for relaxation and features a charming fireplace. A separate reception room, currently configured as a dining room, could easily serve as a third bedroom.

The rear section of the garage has been converted to a salon with power, heating, lighting, water and drainage. Versatile space to be used for requirement or easily converted back to a garage.

### Bedrooms and Bathrooms

The master bedroom benefits from a triple sliding wardrobe and en-suite shower room, featuring a thermostatic mixer shower within a walk-in enclosure, a vanity unit with a toilet and wash basin, and a heated towel rail. An ample-sized second double bedroom is serviced by the family bathroom, which is beautifully tiled and includes a vanity unit with a sink, a toilet, and a tiled bath. The third double bedroom, currently used as a dining room, offers convenient double doors opening directly to the garden.

### Garage & Exterior

The property benefits from a part-converted garage, currently set up as a salon with its own power, heating, lighting, water, and drainage – a versatile space perfect for a home business or easily converted back. The front of the property provides a block-paved driveway with parking for two vehicles and a low-maintenance slate-covered area. Gated access leads to the private, south-facing rear garden, which is mainly laid to lawn with a block-paved patio area, bordered by various shrubs.
