The Property

The property is entered via a double glazed UPVC front door into the welcoming entrance hallway. The upper level hosts the open plan living/dining room and kitchen, while carpeted stairs lead down to the lower level where the bathroom and two double bedrooms are located. The spacious sitting room with dining area is filled with natural light from two large double glazed windows, offering beautiful views across the town. An open archway subtly separates the living and dining spaces, creating plenty of room for both lounge and dining furniture. The white timber fire surround with electric fire provides an attractive focal point, while neutral décor and feature patterned walls to either side of the room give a warm and cosy atmosphere. Two ceiling light fittings, cornice detailing and central heating radiators complete the space.

Positioned to the front of the property, the bright kitchen overlooks the patio through a double glazed window. Fitted with a good selection of white wall and floor mounted units complemented by new grey granite effect worktops and white tiled splashback. Integrated appliances include a recently installed single electric oven, induction hob with integrated extractor over, and a new stainless steel sink with mixer tap. There is also space for a small table and chairs. A large walk in utility cupboard houses the Worcester gas boiler (installed in 2024) and provides plumbing and space for a washing machine, along with additional shelving for storage.

The lower level gives access to two well proportioned double bedrooms and the bathroom, along with two generous storage cupboards, one housing the electric meter and switch gear. Both bedrooms are tastefully decorated in neutral tones with carpet flooring, ceiling light fittings and central heating radiators. One bedroom benefits from built in wardrobes with hanging and shelving space and access to the communal drying area via a double glazed door. The bathroom features a three piece suite comprising wash hand basin, WC, and bath with chrome shower powered from the boiler.
