Leisure Mooring

Port Medway Marina Rochester ME2

Lara T is a beautifully crafted 20.4 m. Dutch barge built in 1898, designed in the Koftjalk style with a flat bottom and curved bilge, making her a robust coastal vessel. She boasts a solid iron hull constructed with 7 mm. plating, maintaining her original integrity with minimal structural alterations. The vessel is powered by a reliable DAF 575 inboard diesel engine, and her systems, including professionally installed plumbing and heating, are in serviceable condition. Inside, Lara T has undergone recent redecoration, blending her classic charm with modern touches.

The interior layout showcases quality workmanship, featuring a partially refitted galley, spacious saloon, and comfortable living areas that retain the barge's vintage appeal. The well-maintained windows and port lights flood the space with natural light, enhancing the cozy ambiance. The vessel also includes a functional pump-out toilet system and a Kabola diesel boiler, installed to professional standards, ensuring a warm and inviting environment.

KEY FEATURES

1898 Koftjalk style Dutch barge

Two bedrooms

Two bathrooms

Solid iron hull

DAF 575 inboard diesel engine

Fitted with spud poles (steel poles running through the boat which can be raised and lowered to secure to the riverbed)

Fitted gangplanks on both sides

Bow thruster to provide lateral port and starboard thrust

Professionally installed plumbing and heating
