

BEAUFORT GREEN

Munster Road, SW6

£2,000,000

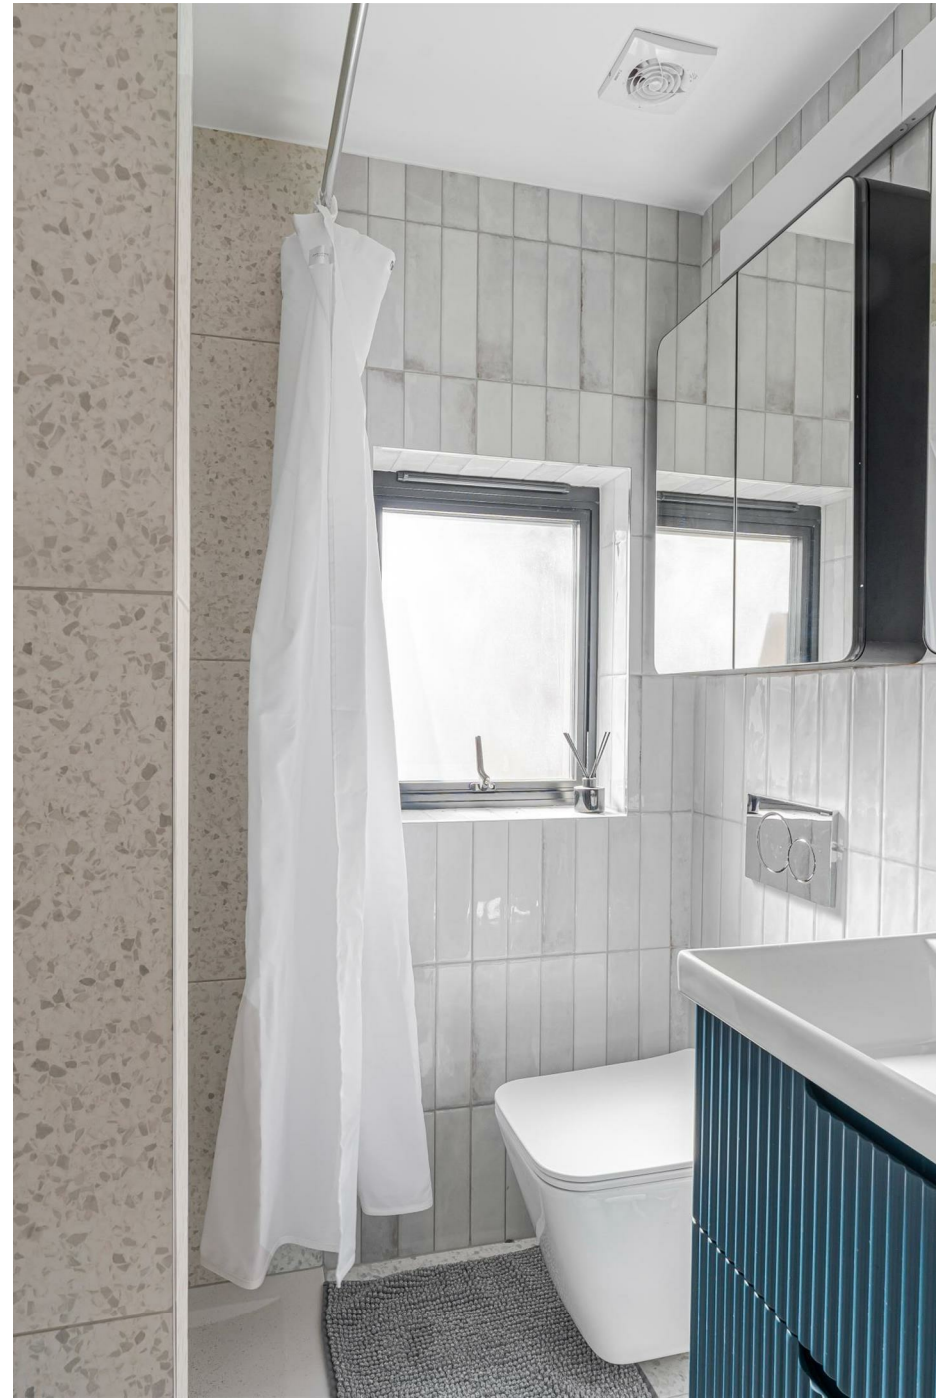

A rare and characterful Grade II-listed former school caretaker's cottage in Fulham, this beautifully restored home has been taken back to its stud walls and thoughtfully renovated, extended, and modernised throughout. Behind a newly landscaped frontage with secure gated access, smart entry systems. The property blends period charm with contemporary living.

Inside, the home features a stylish shaker-style kitchen in reed green with black accents, premium appliances, a large island, and quartz worktops, complemented by engineered oak flooring and porcelain tiling. Bathrooms are finished to a high standard with luxury fittings, full-height tiling, and elegant vanity units, including a spacious master ensuite.

Additional highlights include vacuum-glazed sash windows for enhanced insulation, aluminium bifold doors, designer column radiators, LED lighting throughout, and striking roof lanterns that flood the extension with natural light. A fully equipped summer house with its own kitchen, bathroom, and decking provides versatile year-round living or guest accommodation.

This unique home offers a seamless blend of heritage detail and modern comfort, finished with meticulous attention to detail both inside and out.
