Directions

From Banbury proceed toward Stratford upon Avon (A422). Travel through Wroxton and continue for approximately 2 miles. Turn right where signposted to Hornton and then turn left. Follow the road into the village and the property will be found on the right hand side after a short distance.

Situation

Hornton is a picturesque village which features a historic Methodist church where exercise classes are held including yoga, a popular primary school, village hall and public house. The village enjoys a strong community with a variety of clubs and societies.

A floorplan has been prepared to show the dimensions and layout of the property as detailed below. Some of the main features are as follows:

* A brick built end terraced house located on the edge of the village which we believe dates back to circa 1950.

* It enjoys an enviable position backing onto the village sports and recreation ground beyond which there is countryside and views of these can be enjoyed from the property.

* The modern layout includes a spacious open plan kitchen/dining room which is then semi open plan to the living room.

* The living room is fitted with a wood burning stove and enjoys a double aspect with windows to front and rear, French doors open to a raised deck from where there are far reaching rural views.

* On the first floor there are three bedrooms including two doubles at the front and a single to the rear.

* The bathroom is also on the first floor and has a window.

* Heating is by way of an oil fired system via radiators with an external boiler and tank.

* Currently parking is on street but we believe there is scope to provide off road parking subject to the necessary permission from the Highways Authority.

* Gardens extend to front, side and rear and include a number of different seating areas, trees and shrubs, areas suitable for growing vegetables and there are outbuildings which include a recently installed shed measuring approximately 10' x 10' with power and light connected and a greenhouse measuring approximately 4m x 3m which has also recently been installed and has water connected.
