YEW TREE COTTAGE

38 BISHOPSTONE ROAD, STONE, BUCKINGHAMSHIRE.

A beautiful Grade II listed detached period cottage with a stylish contemporary extension, enjoying glorious mature gardens.

Wonderfully situated on the outskirts of a small Buckinghamshire village close to open countryside, Yew Tree Cottage is the most delightful Grade II listed home, combining a light and airy contemporary twist, whilst offering a 10 minute drive to Haddenham & Thame parkway for the train to London Marylebone (under 40 minutes). Originally constructed circa 18th Century of Wychert elevations under a thatched roof, the property has been considerably updated to include a new kitchen with a glass opening directly to the garden. A particular feature of this lovely home is the generous plot, offering ample parking, a detached garage with workshop, a range of outbuildings and a modern oak framed summerhouse.

Internally the property offers a wealth of period features including the original ground floor reception room with open fireplace, now home to a modern wood burning stove. A generous reception hall is predominantly glazed and flooded with natural light, with access to the utility room, shower room and opening to the kitchen. Extended and re-designed in more recent years, the kitchen is very much the hub of the house, enjoying large glazed sliding doors opening directly to the garden and recently fitted to provide a well equipped modern day kitchen. The kitchen is fitted with stylish, handleless cupboard and drawer units with stone work surfaces and an exposed brick wall. Integrated appliances include an electric double oven, induction hob, dishwasher and fridge/freezer. Further accommodation to the ground floor includes a principal bedroom extending to 18' with access directly to a lovely garden terrace. To the first floor is a further double bedroom with built in wardrobes. (please note, the property has been configured for two bedrooms, offering scope to convert back to a three bedroom home).

Externally the property is approached at the front into an area of off street parking, bordered by an attractive brick wall. Off street parking is available for 2-3 vehicles and a detached double garage has electric doors and adjoining workshop. To the rear is a wonderfully secluded mature garden offering a sunny South-Easterly aspect. The garden has an extensive array of mature planting with many shrubs, hedging and trees. A detached garden room offers great potential for a workshop or garden office, whilst a detached oak framed summerhouse enjoys sunshine. The garden is perfectly laid out for entertaining with a number of terrace areas for al-fresco dining.
