- Approximately 573 sq ft of well planned accommodation

Guide Price £300,000

Description

Set within one of West Drayton's most established modern developments, this attractive first floor apartment offers approximately 573 sq ft of well planned accommodation, combining contemporary open-plan living with two bedrooms, two bathrooms and excellent residents' facilities.

A particular advantage of the apartment is its position within Arlington House itself, placing the 24 hour concierge service and private residents' gym within the same building, while residents also enjoy access to the landscaped rooftop gardens. The property further benefits from permit parking and a private balcony, adding to its appeal for both owner occupiers and investors. Previous Arlington House marketing similarly highlights the concierge, gym, balcony and parking as key features of the development.

The accommodation is approached via a welcoming entrance hall and opens into a generous 17'0" x 11'1" lounge/dining room, providing ample space for both living and dining areas. This flows naturally into the fitted kitchen, which features a range of contemporary units, contrasting work surfaces and integrated appliances.

Double doors from the living space open directly onto the private balcony, which extends across the width of the apartment and provides a valuable extension of the living accommodation.

The principal bedroom is an impressive 15'0" x 8'5" and benefits from its own en suite shower room, while the second bedroom measures 11'3" x 6'9" and would work equally well as a guest bedroom, home office or nursery. A separate main bathroom completes the accommodation.

The apartment enjoys its own private balcony, together with undercroft permit parking. Residents of Park West also have use of attractive communal areas, including the rooftop gardens, while Arlington House provides the added convenience of the concierge and residents' gym within the building.

Park West is conveniently positioned for West Drayton town centre and West Drayton station, providing Elizabeth line services towards Heathrow Airport, Paddington and central London. The development is also well placed for Stockley Business Park, Brunel University and Heathrow, with the M4, M25 and wider motorway network readily accessible.
