The bespoke kitchen is of exceptional quality, centred around a large island with bar seating, preparation sink and extensive integrated storage. Setting an exacting standard are Dekton worktops, two Quooker taps (including a Quooker Cube providing filtered still and sparkling water), double sink unit, two integrated dishwashers, two Neff Slide & Hide ovens, two integrated microwaves, two full-height fridges plus a separate full height freezer, large wine cooler, and a gas hob with downward extractor – all ensuring both style and functionality.

There is a separate utility room with a sink, storage, and space for a stacked washing machine and dryer.

A wide French-polished staircase with glass panelling leads to the first floor, where five bedrooms and a well-appointed family bathroom are arranged. The principal suite is particularly impressive, featuring a vaulted ceiling, four double built-in wardrobes and a luxurious ensuite with double vanity, walk-in shower and freestanding bath. A generous walk-out balcony overlooks the rear garden, perfectly positioned to enjoy the afternoon and evening sun. Both bathrooms benefit from underfloor (wet) heating.

The west-facing rear garden is beautifully established and designed for outdoor living, with a large slate patio ideal for entertaining. A dedicated area has been created for an outdoor kitchen and is fully prepared with electricity and plumbing. To the rear of the garden sits a detached gym, complete with air conditioning, soundproofing, a wired speaker system and additional part-boarded loft space (gym equipment not included).

Further enhancing the property is a substantial detached triple garage, with fitted storage, heating and three automated Hormann doors, plus a side courtesy door directly to the driveway. In 2020, Solihull Council granted planning permission to create a 'granny annexe' above the garage, offering significant scope for ancillary accommodation or home working (Planning Reference: PL/2020/00874/MINFHO).

Security is covered via wiring for CCTV, while the house, gym and garage are all respectively on independent zoned alarm systems.

Sherington is a rare opportunity to acquire a meticulously finished home in a prime village location, combining luxury, privacy and future potential in equal measure.
