BEAUFORT GREEN

Fulham Road, SW6
£475,000

There is an easy sense of balance to this one-bedroom apartment, with a bright bay-fronted reception room at the front and a more secluded garden outlook to the rear. Generous proportions, simple detailing and good natural light give the home a relaxed, understated feel throughout.

BEAUFORT GREEN

At the front, the reception room makes the most of its bay window, with natural light moving across the space throughout the day. Fitted shelving and a fireplace bring a little character, while the generous footprint allows the room to work equally well for quieter evenings or entertaining.

A bright one-bedroom apartment set on the raised ground floor of an attractive Fulham building, with generous proportions and a calm, light-filled feel throughout.

The reception room sits at the front of the property, where a broad bay window brings in plenty of natural light. Built-in shelving and a fireplace add character, while the proportions leave ample room for both relaxing and entertaining.

The double bedroom is positioned further into the apartment and benefits from fitted storage, with a separate shower room alongside. To the rear, the kitchen is arranged with good storage and worktop space, opening through French doors onto a private balcony overlooking the neighbouring gardens.

It is this rear outlook that gives the apartment an unexpectedly peaceful side, offering a little separation from the pace of Fulham Road and a welcome connection to the outdoors.

The shops, cafés and restaurants of Fulham Road are on the doorstep, with both Parsons Green and Fulham Broadway within easy reach.

Please note, selected images have been CGI staged to help illustrate the space and how the apartment could be lived in.
