## How does shared ownership work?

Shared ownership is designed to make buying a home a smooth process, as it allows you to buy your home in stages. You buy a share of your home with a mortgage and rent is charged on the rest. You can buy between 25% and 75% of the home and keep increasing that share until you own your home outright.

# The buying process

Like the idea of owning your own home through Lloyds Living Shared Ownership?  
Here's the buying process from start to finish:

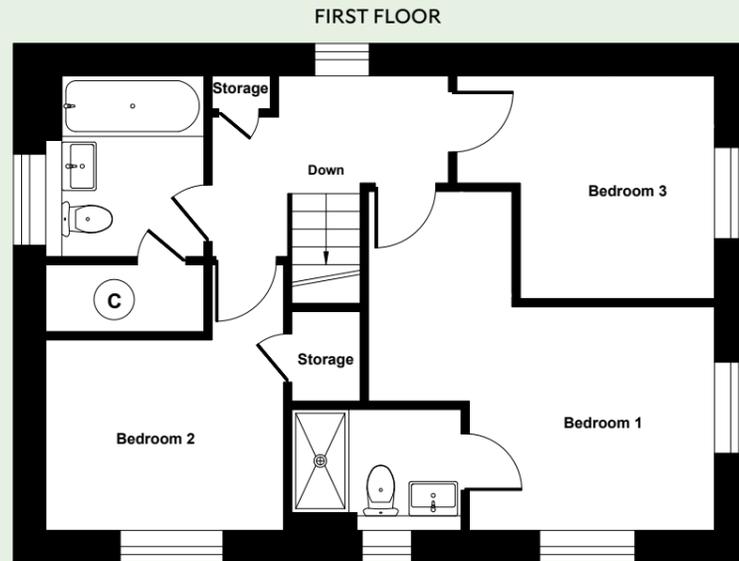

- 1** We'll arrange for an independent mortgage advisor to contact you. They'll do some financial checks and can help you to choose a mortgage.
- 2** You'll need a solicitor to deal with the legal side. It's best to use a company that has experience of shared ownership. We can help you find one from our solicitors' panel if you like.
- 3** Once your solicitor is holding your mortgage offer and signed contract, you'll need to pay your deposit (usually 5% of the price of the share of the home you're buying).
- 4** It's then time to exchange contracts. This takes about a month and means that you're committed to buying the property and we're committed to selling it to you.
- 5** The final step is completion, which should happen within ten days of the contracts being exchanged\*.
- 6** Congratulations! You're now a homeowner.

Eligibility for Lloyds Living Shared Ownership: Lloyds Living has homes in multiple locations in the UK and many of them are available for Shared Ownership. There are only two requirements: – You don't own another property – You have the right to live in the UK

\*Completion is subject to build stage.
