DESCRIPTION

The property is an attractive and extensively improved country home, offering well-presented and versatile accommodation extending to approximately 1,519 sq ft. The recent programme of renovation and extension has created a comfortable family house, combining a contemporary finish with selected traditional features.

Of particular note are the extensive ancillary buildings, comprising a substantial workshop, adjoining garage and separate timber carport. Together with the generous gardens and grounds, which extend to approximately one acre, these provide excellent scope for those requiring workspace, storage or facilities for vehicles and machinery.

The property also offers potential for equestrian interest, with scope available for developing the buildings and land into this arena.

SITUATION

The property occupies a semi-rural position on the perimeter of the popular village of Burlton which provides a range of day-to-day amenities, including a well-regarded village pub.

The larger village of Baschurch and the nearby town of Ellesmere offer a wider range of amenities, with the county centre of Shrewsbury situated some 9 miles to the south.

Rail links are available in Wem, Gobowen, and Shrewsbury, with the nearby A5 offering road links to the wider area.

DIRECTIONS

Leave Ellesmere to the south via the A528 in the direction of Shrewsbury.

Continue for around 7.5 miles and, shortly after leaving the village of Burlton, the property will be situated on the right and identified by a Halls "For Sale" board.

On the first floor, the principal bedroom is particularly generous and benefits from fitted storage and an en-suite shower room. There are two further double bedrooms, one incorporating an exposed brick fireplace, together with a well-appointed family bathroom.

LAND & GARDENS

The property is approached from the road onto a driveway providing ample parking and access to the house, workshop, garage and carport.

The principal gardens lie predominantly to the front and side of the house and are mainly laid to lawn, interspersed with established trees and enclosed by mature hedging. A paved terrace beside the house provides an attractive area for outdoor seating and entertaining. Beyond the formal garden is a useful grass paddock ideal for the grazing of a variety of livestock, but in particular horses and ponies.

OUTBUILDING

The substantial detached outbuilding provides approximately 886 sq ft of accommodation and is currently arranged as a well-equipped workshop with adjoining garage. The workshop has a concrete floor, power and lighting, and a wide vehicle entrance, making it suitable for a variety of private, storage or business uses, subject to any necessary consents, and may possess potential for conversion into American-style stabling.

The adjoining garage provides additional secure parking or storage, while a separate timber-built carport offers covered parking for several vehicles. The buildings are served by generous areas of concrete and gravelled hardstanding, allowing easy access and manoeuvring.
