SELLER'S INSIGHT

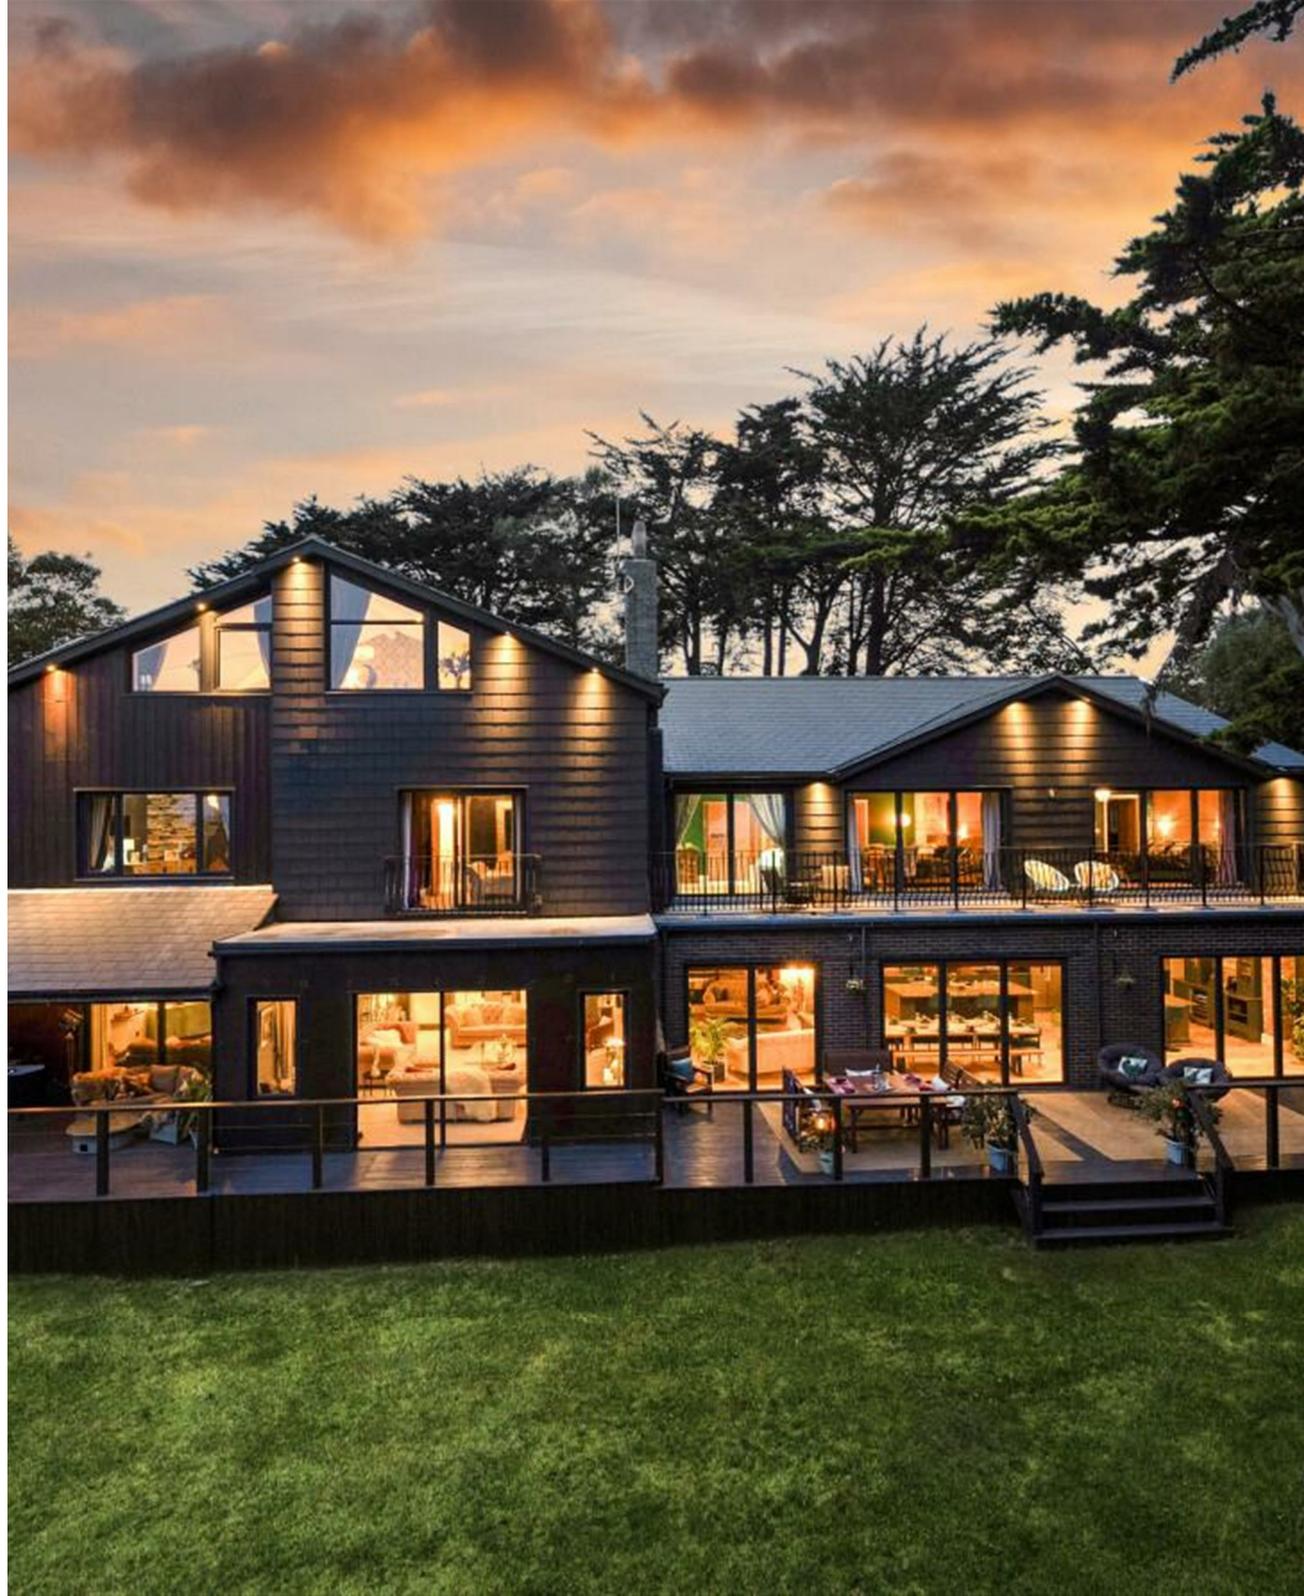

Located on the Jurassic Coast, the bustling town of Weymouth is renowned for its sandy beaches, Victorian esplanade and many other delights and here, just a few minutes from its centre, stands this magnificent, spacious, property, full of charm and elegance which has been the home for its owners Ryan and Samantha for the past four years.

“We had a long held desire to move closer to the sea. We visited many properties and locations until we walked through the security gates of this house and knew immediately that this was to be our new home. The house, originally built in 1928, was purchased by its previous owners ten years ago who undertook several tasks to improve its derelict state. However, since coming to live here, we have substantially increased the size of our home and carried out a total refurbishment to significantly enrich its quality, amenities, luxuries and comforts. Our house, set on three floors, reflects the style of an American ranch home with lots of space and adaptability for numerous activities and pastimes, whether for practical or relaxation purposes. We have large amounts of bi-fold doors throughout which enables our home to be flooded with natural light, including bedrooms, which provides wonderful outlooks over to the harbour. Our generously sized kitchen/diner has space for large, comfy, sofas and is the hub of family life, especially when family and friends gather. Our house is very much the ultimate party home and, having such space and amenities enables us to welcome everyone, whatever the occasion.”

“We have a rather beautiful veranda which adds another dimension to outside dining and, having such a large acreage of land, we have several areas for relaxation or al fresco dining. We also have lots of trees and which, when they shed their leaves in the autumn, further enhances our views out to the coast.”

“Weymouth is a delight, we have excellent shopping amenities, together with many options on dining or visiting any of the nearby pubs. During the summer months many activities take place, including music festivals, together with lots of amenities for children. Sailing is a very popular activity in the area from its popular marina here in Weymouth to that in nearby Chesil.”

“We feel very proud in our restoration of this wonderful property and have loved every second of our life here. However, it is for logistical family reasons that we are moving, plus the house has outgrown our requirements and it is time for another family to enjoy life here.
