The A30 trunk road is less than a mile from the property and links to the former market town of Launceston where there is a wider range of shopping facilities. DESCRIPTION

A detached family home in a fantastic village position, understood to have been originally constructed in circa 1850, extended in the 1960's and again in 2010. It is of traditional construction comprising a mixture of stone, block beneath a slate roof. The property is presented in good order having been a cherished family home for over 20 years, with double glazing throughout, oil fired central heating and privately owned solar panels.

ACCOMMODATION

The property is well presented throughout, showcasing a number of period features including exposed wooden beams and wooden floors, a working fireplace and rustic wooden panelling. Approached via steps into the front entrance hall with slate floors, the property has a generous amount of ground floor accommodation including an under stair storage cupboard. The kitchen/diner has ample space for a table and chairs to one end, with a dual aspect, a fitted kitchen which incorporates a built in electric oven, dishwasher and additional cabinetry in a former fireplace. The sitting room has been recently refurbished with updated carpets and offers a cosy feel with a woodburning stove positioned at one end. The property was successfully extended in 2010 with a sun room, a generous utility with space and plumbing for white goods, a ground floor shower room and WC, and an office/additional guest bedroom. With a separate entrance into the extension, this lends itself to those looking to work from home or possibly require some independent living space. The first floor offers 4 bedrooms in total including a principle double bedroom with built in wardrobes and three additional bedrooms all serviced by a family bathroom. The bathroom has a fully fitted suite including a P-shaped bath with a shower over, sink with vanity unit and WC.

OUTSIDE

To the rear of the property is a fully enclosed garden with a raised lawn and various mature trees and shrubs. The garden can be accessed via the sunroom or pedestrian gate to the far end of the property and is complete with a well built and insulated outbuilding currently serving as storage, yet offers further potential for additional uses with electric connected. Almost directly opposite the property is a detached single garage which allows for parking and/or additional storage. There are two on road parking spaces directly outside the front of the property regularly used by the owners.
