Felgate Back Lane

£375,000

Burton Pidsea, HU12 9AN

Simply stunning, this four bedroom detached house has been immaculately presented throughout, with exceptional taste, attention to detail and a stylish finish that would not look out of place in a designer magazine. Beautifully considered throughout, the home combines contemporary style with practical family living.

The impressive rear extension creates a spectacular living kitchen diner which forms the real heart of the home. With a premium hand-painted kitchen, central island and impressive bi-fold doors opening onto the rear garden, this is a superb space for both everyday family life and entertaining.

The accommodation is equally impressive, with a luxurious lounge, separate utility room and a ground floor bedroom with its own ensuite shower room. This flexible room would be ideal for an independent teenager, guest accommodation or anyone requiring single-level bedroom facilities. To the first floor are three further bedrooms alongside a gorgeous family bathroom featuring a double-ended bath and walk-in shower.

Outside, the property benefits from a private driveway providing ample off street parking and access to the garage, which offers useful storage. The rear garden provides a stylish and private setting, designed to complement the exceptional living space inside.

With herringbone-style flooring running through the main living areas, a beautifully finished interior, solar panels and an exceptional living space at the rear, this is a home that wants for very little. Stylish, practical and finished to an exceptional standard, this is a property that really does need to be seen to be fully appreciated.

A private driveway, screened from the roadside by a mature hedge, provides off street parking for multiple vehicles and access to the garage, which offers useful additional storage. A gate opens into the enclosed front garden, which is laid to lawn and finished with feature screen fencing.

The front entrance door opens into a welcoming hallway, with stairs rising to the first floor and custom-built storage beneath. The separate utility room provides a practical addition and is fitted with a range of units together with provision for a stacked washer and dryer.

The lounge leads from the hallway and is a good size, with a front-facing window and feature flame-effect fireplace creating an attractive focal point.

To the side of the property is the ground floor bedroom, providing excellent flexibility as guest accommodation, a teenager's room or additional bedroom. This room benefits from its own ensuite shower room.

To the rear is the impressive living kitchen extension. The kitchen is fitted with a sophisticated range of premium hand-painted units, centred around a large island with venting hob and sink with boiling water tap. Integrated appliances include a fridge freezer, wine cooler, double oven and dishwasher, all neatly incorporated into the kitchen design.

There is ample space for a dining table within the central section of the room, while the far end creates a cosy living area, ideal for relaxing in front of the television. Bi-fold doors flood the room with natural light and, when opened, provide a seamless transition into the garden, making this an exceptional space for entertaining and family life.

The fully paved rear garden offers a private and contemporary outdoor space, with a dedicated area for a hot tub and pergola providing a sheltered seating area. Raised sleeper planting beds contain feature evergreen shrubs, while stylish slatwall fencing and outdoor lighting complete the setting. A side gate provides access back to the front garden.

The first floor landing provides access to three good size bedrooms. Bedroom one benefits from built-in wardrobes, providing useful storage, while the remaining bedrooms offer versatile accommodation.

The family bathroom is finished to an impressive standard, featuring a double-ended bath and separate walk-in shower with a ceiling-mounted rainfall shower head. A feature floating basin and illuminated electric mirror add further contemporary touches.

The property also benefits from solar panels, providing an additional energy-efficient feature and helping to future-proof the home against rising energy costs.
