This surprisingly deceiving semi-detached house has been tastefully extended to create a modern, spacious home with plenty of room for all the family. Enter through the front door into the “upper” floor of the split-level ground floor, where you'll find a handy WC, utility room with space for a washing machine and tumble drier and ample cupboard and storage space for a further free-standing appliance such as a fridge-freezer.

The main attraction on this level is the large dual aspect reception room with Karndean flooring, areas for both relaxing and dining. Internal steps down from the hallway take you into an open kitchen-diner, with under-floor heating, ample worktops and cupboards, a central island and seating area and American fridge-freezer, integrated dishwasher, double oven, microwave oven and warming draw. Completing the ground floor is a garage with electric up and over door, which the current owners have used as both a home gym and storage space.

Upstairs, newly fitted carpets dress a split landing. To the left you will find the principle bedroom complete with en-suite containing a luxurious walk-in shower. The second double bedroom provides direct access to the newly renovated family bathroom, which contains a corner bath and second walk-in shower, and can also be accessed from the landing making it perfect for guests or an older child.

To the right of the landing are bedrooms 3 and 4, the third bedroom also being a double with built-in wardrobe and study area over the stairs. Bedroom 4 is to the rear, but also contains a built-in wardrobe and would make a great office or younger child's bedroom. The loft has been boarded for storage and houses the boiler and hot water tank and would be suitable for conversion subject to planning, like many houses in the area.

The garden is access via the dining room or kitchen French doors onto either a composite decked balcony which is framed by a slim profile balustrade or a further composite deck area with plenty of space for outdoor furniture and the dual in the crown - a sunken hot tub with 120 jets, bluetooth speakers and lighting which is included in the sale of the property.

A further short flight of steps takes you down to a gently-sloping lawn perfect for animals and children to play, and a further patio area where you can enjoy the evening sun in this south facing garden. There is even space to build a home-office here if you so desire.
