A fantastic opportunity to acquire a beautifully presented two bedroom end terrace in the heart of Walkley, combining a modern interior with a surprisingly generous garden and flexible accommodation arranged over three floors. Offered for sale with no onward chain, this is a home that is ready to move straight into and should appeal equally well to first time buyers, couples and investors.

The ground floor has been opened up to create a bright and sociable kitchen, sitting and dining space. The sitting area provides plenty of room for a substantial sofa and furniture, while the kitchen has been finished in a smart contemporary style with shaker style cabinetry, contrasting worktops, integrated cooking appliances and a breakfast bar providing additional dining or workspace. A door to the rear gives direct access into the garden, while stairs lead down to a useful cellar providing additional storage.

The first floor is home to a generous double bedroom along with an impressive modern bathroom. The bathroom is particularly well equipped with both a separate walk in shower and a bath, alongside a wash basin and WC, creating a far more substantial setup than you would normally expect from a property of this type.

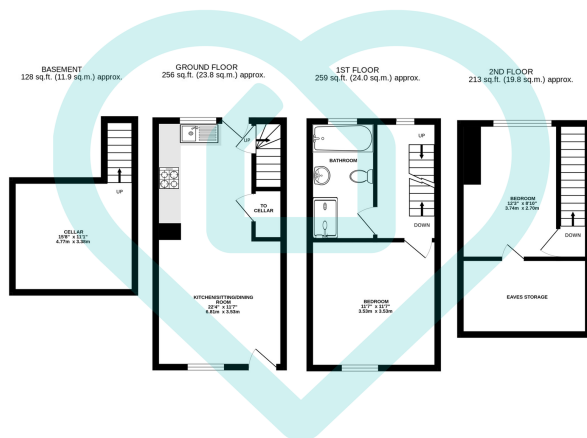

A further staircase rises to the second floor where you will find the second bedroom. This room offers excellent additional accommodation and also benefits from adjoining eaves storage, making good use of the available roof space.

Outside, the property has a particularly generous rear garden for a terrace, arranged over different levels with gravelled seating areas and mature planting. It provides plenty of room for outdoor furniture and entertaining while remaining relatively easy to maintain.

Positioned in the ever popular Walkley area, Tennyson Road offers convenient access to local shops, cafés, amenities and transport links, while Sheffield city centre, Crookes and Hillsborough are all within easy reach.

The property is freehold, benefits from on street parking and is being sold with no onward chain, making this a particularly straightforward
